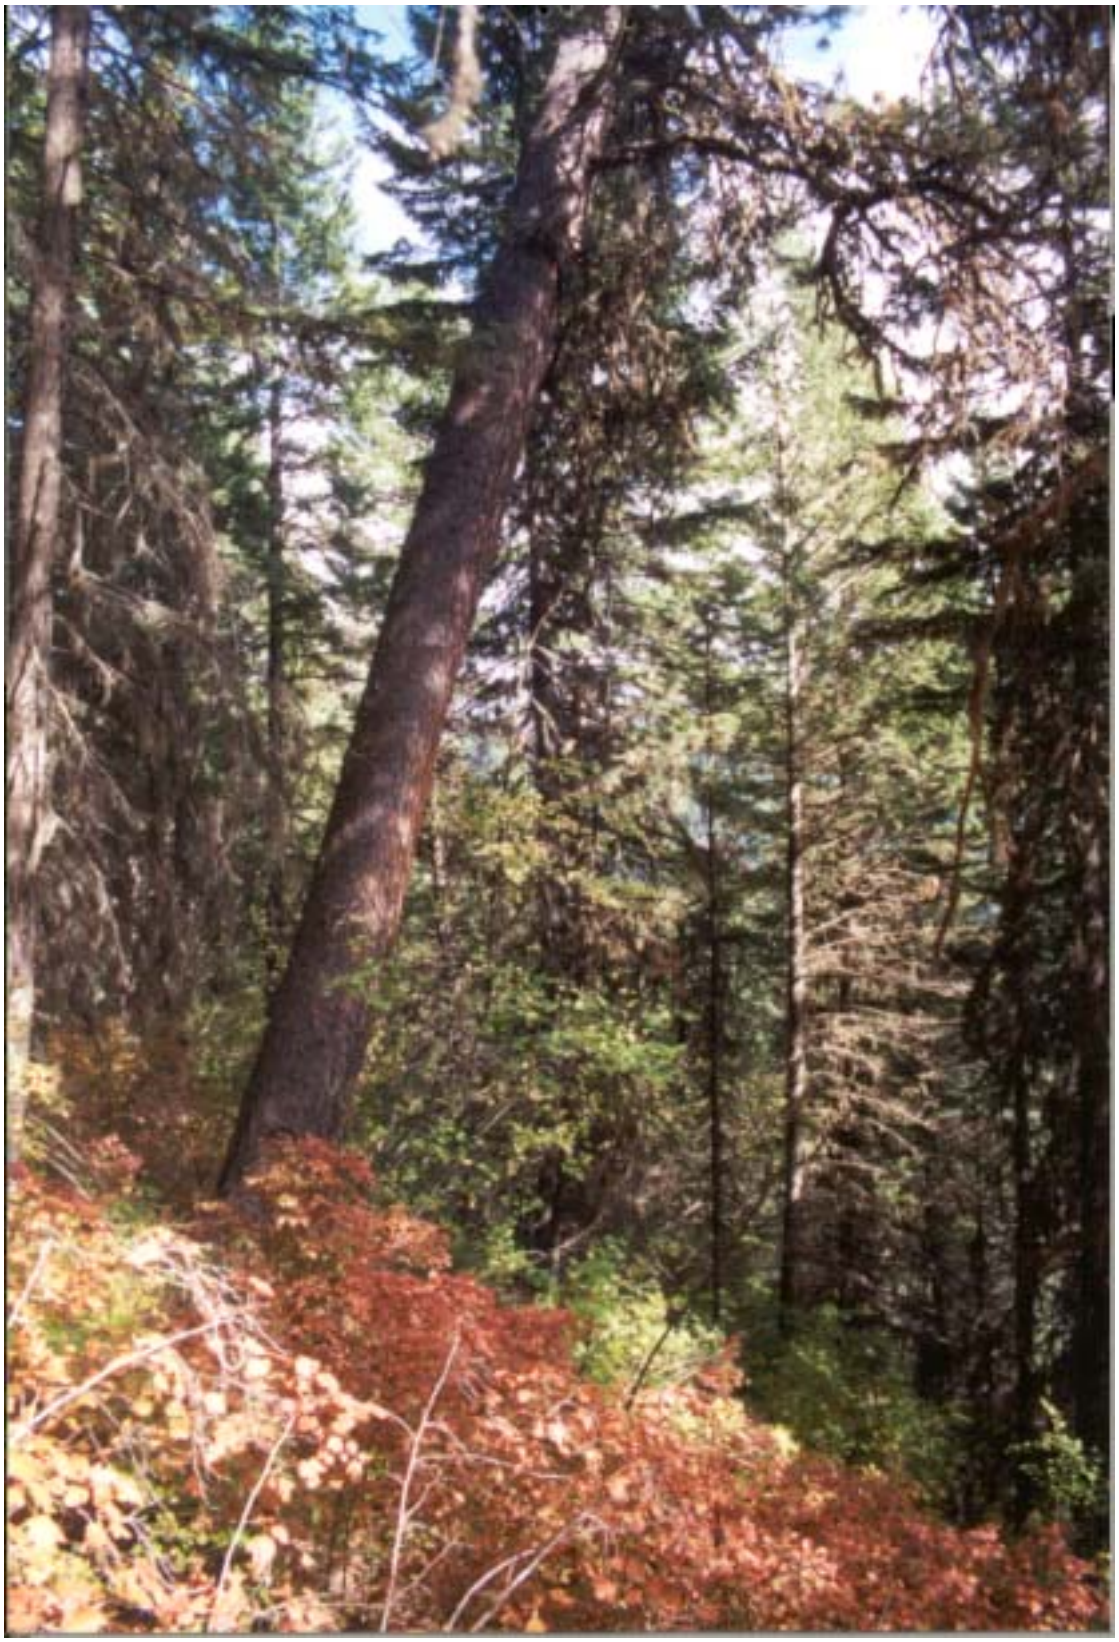
Chloride Bush Project
Stand 631-04-030
Beetle-killed Douglas-fir

Chloride Bush Project
Stand 631-02-033
Dry site (ponderosa pine) improvement opportunity

Chloride Bush Project
Stand 631-04-003
Root disease caused canopy reduction



Chloride Bush Project
Stand 631-04-034
Encroachment on relic ponderosa pine

Chloride Bush Project
Stand 631-02-033
Root disease effects

Chloride Bush Project
Stand 631-02-033
Ponderosa pine improvement opportunity

Chloride Bush Project
Stand 631-03-029
Larch improvement opportunity

Chloride Bush Project
Stand 631-03-011
Lodgepole pine

Chloride Bush Project
Stand 631-03-018
Root disease openings

Chloride Bush Project
Stand 631-03-060
Insect and disease effects

Chloride Bush Project
Stand 631-02-045
Larch improvement opportunity

Chloride Bush Project
Stand 631-03-003
Dying Douglas-fir

Chloride Bush Project
Stand 631-04-012
Drastic reductions in tree cover

Chloride Bush Project
Stand 631-04-032
Root disease and high-risk Douglas-fir
