Cibola National Forest and National Grasslands

Preliminary Draft Forest Plan Public Workshops Schedule

A preliminary Draft Forest Plan is being released July 18 2016; the public will have 45 days to review and comment to August 31, 2016. A series of collaborative public workshops are scheduled to present the preliminary Draft Plan for review and discussion. The workshops are co-hosted with the landscape teams for each area to provide an opportunity for the public to understand how to review the plan; determine if their comments have been addressed to date or how to make additional comments; and engage in dialogue with others with different interests. We are taking this additional step by providing this review to find the most common ground with a variety of interests before proceeding with the environmental impact analysis of the draft plan. Please mark your calendars and attend!!
