United States Department of Agriculture

San Gabriel Mountains National Monument

Public Meeting Events

Please join us at one of five Angeles National Forest meetings to learn more about the upcoming development of the San Gabriel Mountains National Monument Management Plan and how you can participate in this process.

The Management Plan, once developed and approved, will guide how Monument resources and uses will be managed for the next 10 to 15 years.

Bring your ideas, comments, concerns, and questions to any one of the scheduled meetings.

See the schedule of locations to attend a meeting in the greater Los Angeles area.

We look forward to your participation!
