Subject:	Please Keep Upper Chattooga CLOSED to Boaters
Date:	08/13/2008 08:08 AM

Please keep the upper Chattooga river CLOSED to boaters!

I support Forest Service alternatives 2 and 3, which would keep the upper Chattooga peaceful for fishermen, birders, and hikers. This fragile Ellicot Rock Wilderness area is the only section of river in Georgia that has the congressional designation of "Wild and Scenic."

The boaters already have access to over half of the Chattooga and all the other rivers in Georgia. Thank you for your previous and future protection of the Chattooga river. Please save some for the rest of us.

Sincerely,
Donna Born
