Relationships	Expectations
Community of Agency	~~Access~~ want to know what LNF goals are. Wants a better understanding of reference conditions. What do you want the LNF to be like. What do you expect ~~about~~ from us throughout this process
Agency of Community	Be realistic w/ expectations; understand limitations we have
Community of Community	
Relationships between the Agency and others: • Federal/state agencies • Local governments • Tribes • Other groups/interests	

Is present plan a starting pt.?

Outputs (1986) vs Outcomes.

1986 plan is a reference -- will not be discarded.

We need a way to express ~~at~~ a measure of improvement -

Example - plan to meet a desired condition. using a measure that can be monitored.

An expectation of consistency across the national forests in the country.

→ example - getting a recreation permit

Need for transparency, collaboration, follow-through

We need to keep the process moving.

We need to be efficient at ~~getting~~ receiving & putting out information

We need to be available to all -- want to avoid major player input at 3 1/2 yrs.

Need to make process available to all -- want to avoid major player input at 3 1/2 yrs.

Alamo

EXPECTATION EXERCISE WORKSHEET
Lincoln National Forest

Relationships	Expectations
Community of Agency	Don't lie to us. Be honest Hard to trust someone when you know you've been lied to. Forest Service seems intent on taking water rights. Judge is saying they (FS) doesn't own water. Follow the law and constitution. Recognize FS doesn't own water. Recognize property rights, water rights. Recognize water rights owners. Spotted owl destroyed forest. Too many trees, thinning, logging, burning should be higher priority. Springs dry up during drought. Springs where thinning, logging etc. is done don't dry out.
Agency of Community	Take care of watersheds. Provide lumber Thinning the forest would be helpful. Provides health for trees, water, grazing. Why hasn't the FS used its resources to do the right thing in the past. Use the local knowledge. Use local governments to reach the desired condition. Keep the lines of communication open. This is a unique forest - a high desert forest. Please considered as such. Acknowledge the difference between this forest and Oregon forests.
Community of Community	
Relationships between the Agency and others: • Federal/state agencies • Local governments • Tribes • Other groups/interests	Law enforcement presence is threatening to individuals in this group. Perception is that FS needs protection from stakeholders. Trust issue

Alamo

EXPECTATION EXERCISE WORKSHEET
Lincoln National Forest

Relationships	Expectations
Community of Agency	Transparency - provide source of information (website) user friendly - Educate both sides. - "~~public~~ you want your voice to be heard. - fs needs to be able to be positive about taking public input and using it in decision making.
Agency of Community	-
Community of Community	- form of consensus for communities to enable specific direction even though there is differences. -
Relationships between the Agency and others: • Federal/state agencies • Local governments • Tribes • Other groups/interests	- other agencies respect forest plan. - stop passing buck (other agencies) to effectively manage forest

= consistency in decision making ~~[illegible]~~ ~~of~~ across functional management.
- internal communication.
- simplify protocol.
- Don't bring in "hitmen" Sac District Ranger for example.
- involve members of different organizations in decision making meetings
- involve "all" stakeholders
- proper balance of resource utilization and inclusion ~~of~~ forest planning.
- Comply w/ forest plan (other state/federal agencies).
- Use common sense.
