Subject: Marshall Woods Restoration Project

To: Interested Party

Dear Interested Party,

Thank you for your interest and involvement in the Marshall Woods Restoration Project. This letter is to inform you that the final Decision Notice (DN) and Finding of No Significant Impact (FONSI) is available online at the Lolo National Forest planning project webpage under Marshall Woods Restoration Project at http://www.fs.usda.gov/projects/lolo.

The final DN documents my decision and rationale for the actions I am authorizing for the Marshall Woods Restoration Project. I have decided to authorize a mix of actions analyzed under Alternatives C and D. My decision precludes timber harvest and temporary road construction within the Rattlesnake National Recreation Area (RNRA) as well as eliminating treatment entirely in Units 2, 3 and 4.

No further review from any other Forest Service or USDA official of the Reviewing Officer's response to the objections received on this project is available (36 CFR 218.11 (b)(2)). Implementation can begin immediately.

If you have any questions about the project please contact me at (406) 329-3948 or Tami Paulsen, Project Lead, at (406) 329-3731.
