Dear Prospective Purchasers of National Forest Timber:

The attached Timber Sale Program Announcement for FY14 represents the various tracts of timber planned to be offered for sale on the Chequamegon-Nicolet National Forest for the period beginning October 1, 2013 and ending September 30, 2014. This planned sale program for FY14 will include a mix of species/products.

At present, we have not established any small business set-aside sales. Should further analysis determine the need for a set-aside program, you will be notified.

Sales with a decision date and no "Remarks" shown in the area above the volume information are covered under an approved environmental document and the decision to offer the sale has been made. The remaining sales are tentative, and offering of them will depend on the results of an environmental analysis yet to be completed or they are pending the outcome of appeals or litigation (see the "Remarks" on these sales).

We are no longer asking that you select the sales of interest to you for FY14. Based on your previous years' responses we have generated "East Side", "West Side" and "All Sales" mailing lists. These lists will be used to determine distribution of prospective bidder letters at the time of sale advertisement. If you are concerned that you have not responded to recent Program Announcements or wish to verify that you are on your desired mailing list please contact Kristi Keach at 715-362-1327.

More detailed information concerning each tract; including a prospectus, bid form and Sale Area Map can be obtained at the time of advertisement from this office or from the districts involved. The district information is as follows:
