

Loon Lake Chalet

Eldorado National Forest

Pacific Ranger District

**Closed for
2022**

Sub-alpine red fir and lodgepole forests, granite bowls, and a spectacular view of the Crystal Range of the Sierra Nevada Mountains characterize the area. The Sacramento Municipal Utility District (SMUD) built the Loon Lake Chalet in 1989. Popular summer activities include hiking, backpacking in Desolation Wilderness, fishing, mountain biking, horseback riding, and four-wheel driving on the Rubicon 4WD Trail. In the winter, the Chalet is the focal point of the Loon Lake Winter Recreation Area offering many miles of non-groomed backcountry skiing trails.

Amenities

The three story Chalet offers the most amenities of all the Eldorado cabins. The second floor warming room and third floor loft are available for rental year round. *Do not expect hotel luxuries.*

Parking: Circular parking area. RVs and trailers are allowed. Remember group size is limited to 20 people. In the winter, park vehicles to the inside of the loop to allow the snow plow to clear the main roadway around the building.

Sleeping: The warming room and the loft serve as sleeping areas and will accommodate up to 20 people. A dozen sleeping pads and a queen-size futon are available for use.

Heat & Lights: Electric heat and lights. A gas fireplace was installed for ambiance. Please do not attempt to heat the building with it.

Water: The water comes from a well and is tested regularly for contamination. Restrooms equipped with vault toilets are attached to the building and are accessed from the outside of the building. One is for the public and one is for the renters only.

Cooking: The kitchen area has a double sink, hot and cold water, a range top stove, a microwave oven, and an under-the-counter refrigerator. The Chalet does not have pots, utensils, or a garbage disposal. Electrical plugs may be used for crock-pots, coffee makers, and other electrical appliances that you bring. You are welcome to bring your outdoor BBQ.

Other: The warming room has multiple tables, benches, two wooden couches, and a futon couch. A campfire ring is available outside. A large deck extends from the second floor.

Location and Access

The Chalet is located at Loon Lake, northeast of Placerville and is at 6,378 feet above sea level. You can reach this area by traveling east on Highway 50 to Ice House Road (8.5 miles east of Pollock Pines), then north on Ice House Road 30 miles to Loon Lake.

- ❖ Winter snow depth averages 3 to 8 feet; snow may fall from September through May. Roads are often icy, and snow plowing is done on an intermittent basis by the Sacramento Municipal Utility District (SMUD). **Ice House road may not be plowed on weekends or holidays.**
- ❖ Due to the remoteness of the area, you should be alert to changeable weather and road conditions, and possess some knowledge of the hazards of backcountry travel. All vehicles should carry chains and be serviced for cold temperatures.
- ❖ Motorized over the snow travel is prohibited in the Loon Lake Winter Recreation Area.
- ❖ **Frozen Lakes:** All visitors should be aware that travel across the frozen surface of a lake is not advised. There is a powerhouse under Loon Lake. Fluctuating water levels under the ice result in unstable and dangerous ice conditions.
