Assessment of Need and Enforcement Plan
Occupancy and Use

Sawtooth National Forest
Sawtooth National Recreation Area
Cecil D. Andrus-White Clouds Wilderness and Hemingway-Boulders Wilderness

Background – Occupancy and use restrictions are necessary to implement the goals and objectives for the Cecil D. Andrus-White Clouds and Hemingway-Boulders Wilderness Areas as described in the "Decision Notice" and "Finding of No Significant Impacts" for the Hemingway-Boulders and Cecil D. Andrus-White Clouds Wilderness Management Plan, Wilderness Management Direction, dated August 21, 2018, enforced through special Order #0414-04-133 for the Sawtooth National Recreation Area. The overall management goal for this Area is to "manage the land to protect and enhance values described in the Wilderness Act of 1964 and Public Law 92-400." These restrictions are necessary to protect land and resource conditions within the Area, and prevent deterioration of the values that enhance this Area as a designated Wilderness.

Intent of Subpart B Order – Special Order #0414-04-133 supports the objectives of the "Decision Notice" and "Finding Of No Significant Impacts" for the Hemingway-Boulders and Cecil D. Andrus-White Clouds Wilderness Management Plan and Wilderness Management Direction, dated August 21, 2018, by providing enforcement of the selected alternatives of the environmental assessment and the restrictions on the types of use and occupancy within the Hemingway-Boulders and Cecil D. Andrus-White Clouds Wilderness Areas.

Enforcement Plan – The following needs to occur to implement this Special Order. Sawtooth NRA staff will update on the ground signage and implement media that reasonably bring the restrictions and prohibitions to the attention of the public. Forest Protection Officers, Law Enforcement Officers and other Sawtooth NRA staff will patrol Areas to inform users and gain compliance and take enforcement action on persons not in compliance with these Orders.
