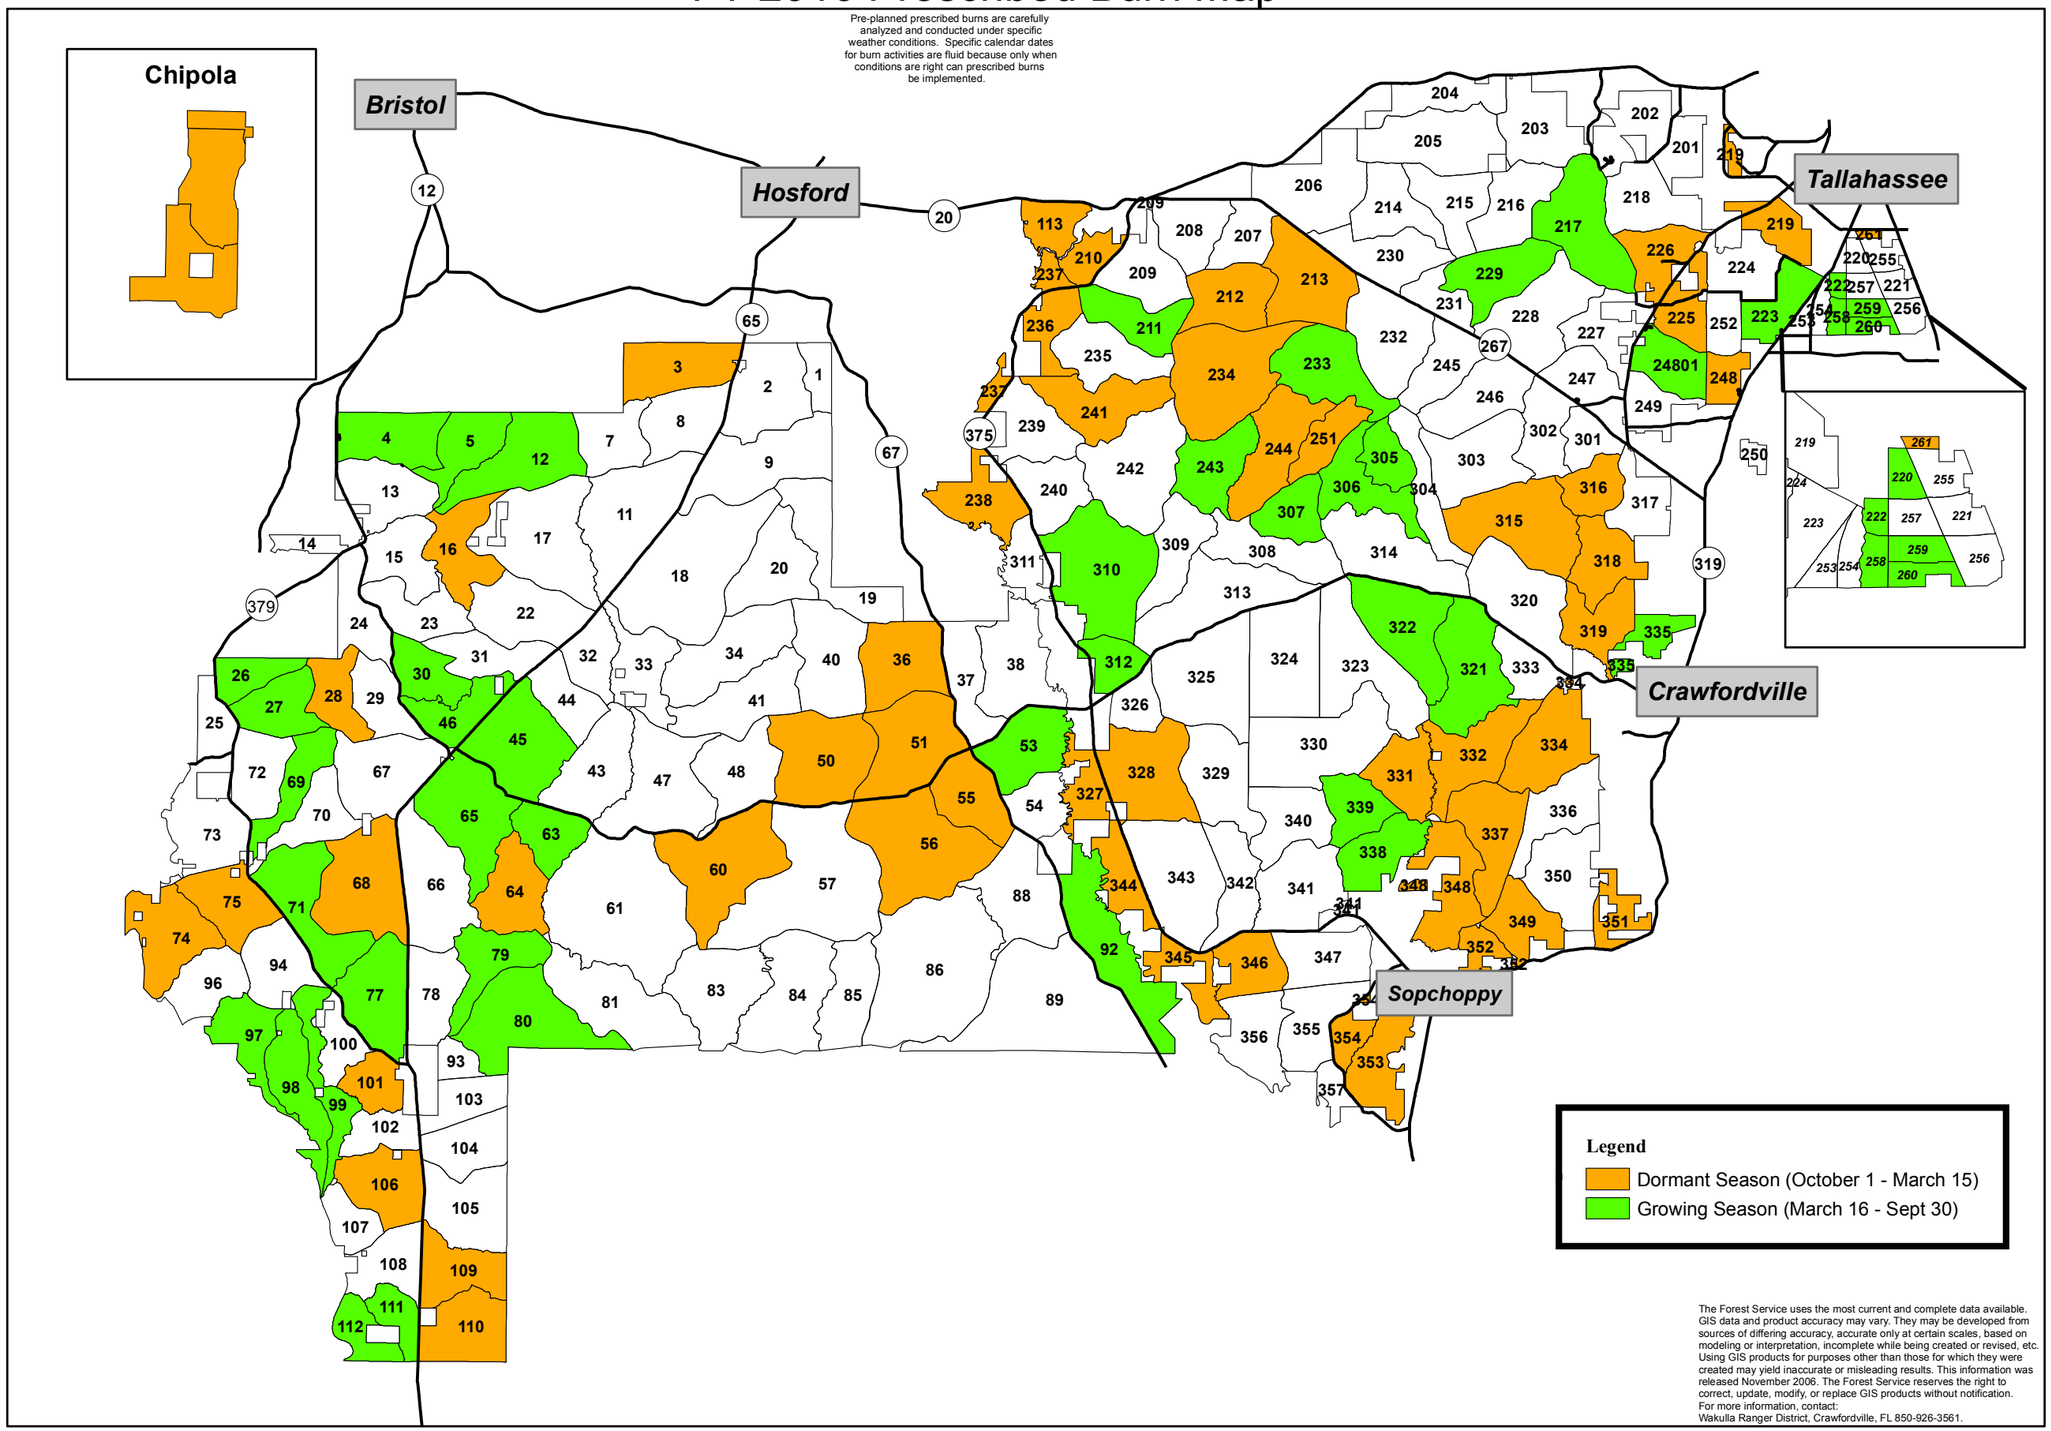
Apalachicola National Forest
FY 2016 Prescribed Burn Map

Pre-planned prescribed burns are carefully analyzed and conducted under specific weather conditions. Specific calendar dates for burn activities are fluid because only when conditions are right can prescribed burns be implemented.



The Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. They may be developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpretation, incomplete while being created or revised, etc. Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results. This information was released November 2006. The Forest Service reserves the right to correct, update, modify, or replace GIS products without notification.
