ENTICE Workshop

Illinois Butterflies and Moths

Shawnee National Forest,
Lincoln Memorial
Picnic Grounds, Jonesboro

June 12, 2015

9:00 a.m. – 3:00 p.m.

Flutter in and join other educators of grades kindergarten through six as we are introduced to the butterflies of Illinois! Butterfly life history, identification, conservation and adaptations will be discussed. Information on developing butterfly habitat will also be included. Learn about Monarch Watch and other butterfly conservation programs. We'll go outside to observe and identify butterflies in native habitats. Continuing Professional Development Units are available. Teachers of other grade levels are welcome to register for this workshop but may need to adapt the materials for their students, as appropriate. Sponsored by the Illinois Department of Natural Resources, this workshop is part of the ENTICE (Environment and Nature Training Institute for Conservation Education) program.
