Summary of comments: Thank you for the opportunity to conference in on the Feb. 23rd, 6:30pm meeting. I appreciate the discussion regarding the Lostine Corridor Public Safety Project.

I fully support this project. I share the concerns of residents, visitors, and emergency services agencies in regard to the dense and declining forest stands and heavy fuel loads along the Lostine Corridor.

The Douglas Family generations have spent 75 years in this area of the Eagle Cap Wilderness. ~~area~~ We have worked together along with Lapover property owners to maintain our cabins and the defensible space around those cabins/property. Our Family has future →

This person would like to be contacted about other projects relating to:

Will fire wood be available for the County residence from this Lostine project?
- for a small cost $5-10.00
- designated area - U CUT
- permit required

March 10th - 2016

* continue back side

generations that we hope will continue the annual trips up the South Fork of the Lostine. This Lostine Corridor Public Safety Project will help AND NEEDED FOR the safety of all those that live, visit, and enjoy this wilderness area.

Sean Lenison
