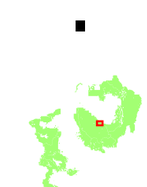
Contour interval = 100 feet

1:24,000



ATTENTION:
This product is reproduced from geospatial information prepared by the U.S. Department of Agriculture Forest Service. GIS data and product accuracy may vary. They may be: developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpretation, incomplete while being created or revised, etc. Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results. The Forest Service reserves the right to correct, update, modify, or replace GIS products without notice. To verify product information contact the Wallowa-Whitman National Forest Supervisor's office.
Produced by Marti Aitken, Umatilla National Forest.
