Appendix H. Comment Form

We would like to hear your reactions to this report and any suggestions on how we might improve it in the future. We tried to provide you with clear and understandable information about how the NFGT are being managed. Did we meet our goal? Are there topics of interest that were missed? Could you find what you were looking for? Did we present the discussion in a way that was clear and understandable?

This form is provided for your convenience. Just remove this page and list your comments and concerns in the space below, then mail it to:
