File Code: 2320 Recreation Livestock Permits
Date: February 15, 2011

Dear Permit Applicant,

Thank you for your interest in visiting the Bridger Wilderness. Enclosed you will find an application for a free visitor permit. A permit is required to take stock into the Bridger Wilderness for overnight use. Day rides into the Briger Wilderness do not require a permit. This application is intended only for private, non-affiliated parties using recreation livestock. If you are applying as an organized group (church, scouts, club, etc.), educational organization or commercial operation, please contact our office to obtain the proper application(s).

All overnight stock users must complete the Stock Permit Application, stating their first and second choice campsites. Your campsite choices will be reviewed and coordinated with other permitted groups to prevent multiple groups at the same spot, at the same time. This helps to maintain the wilderness experience for all user groups and protect the resource from overuse. Please apply as early as possible to avoid scheduling conflicts.

Certain areas of the Bridger Wilderness are especially sensitive to impacts and therefore overnight camping with livestock is not allowed within ½ mile of these areas:

Eklund Lake	Seneca Lake	Bonneville Basin	Clark Lake
Barbara Lake	Little Seneca Lake	Hobbs Lake	Island Lake
Seneca Lake Trail	Titcomb Basin	Indian Basin	

In addition, the following trails are very rugged in nature and are not reccomended for livestock use:

Hailey Pass Trail	Jackass Pass Trail	Clear Lake Trail (above Big Sandy Lake)
Indian Pass Trail	Washakie Pass Trail	Long Lake/Pine Creek Canyon Trail

We appreciate your time in completing this application and your willingness to meet our permit requirements. If you need any assistance or have any questions about the Bridger Wilderness or the Pinedale Ranger District, please call my office at (307)367-4326.

Sincerely,

PAUL HUTTA
Acting District Ranger
