

Outreach Notice: Fall Fire Hire Event

GS-0462 Forestry Aid / Technician Positions Grades GS-03 through GS-08

Accepting applications through USA Jobs from September 9, 2022 through September 28, 2022 for the 2023 Fire Season!

Region 3 will be filling fire positions GS-08 level and below. This includes handcrew positions and general Forestry Technician and Forestry Aid positions ranging from entry level GS-03 to supervisory level GS-08. Approximately 300 positions will be filled across the Southwestern Region (R3). All duty locations will be eligible in this event and applicants will apply to vacancy announcements listed below.

This event will be conducted utilizing the Direct Hire Authority, which has been granted by OPM for the Forest Service to fill critical positions in an accelerated manner.

Positions will be filled at the GS-0462-03 Forestry Aid level through GS-0462-08 level and will range in tours of duty from permanent seasonal 13/13 to permanent full time 26/0. Please refer to each individual announcement locations to ensure you are applying to correct one. For this centralized event, there are backfill opportunities – meaning that although a position/duty location may not currently show a vacancy, one can materialize through event activities.

The vacancy announcements for these positions are posted on the U.S. Government's official website for employment opportunities at [USAJOBS](https://www.usajobs.gov) and will be open for application from **September 9, 2022 – September 28, 2022**. To be considered for these positions, applications must be submitted by the application deadline, 11:59 Eastern standard time on the closing date of **the announcement**.

Interagency Fire Program Management (IFPM) and Forest Service – Fire Program Management (FS-FPM) qualifications must be met at the time of selection. You must submit an IQCS record or a copy of a certified position taskbook with your application. If you are selected, you may be required to submit an updated IQCS record or a certified position taskbook, as proof of attainment of these requirements prior to receiving a final verbal offer.

Position Description:

Each announcement will cover the respective duty locations within the Southwestern region. When applying in USAJobs, select the duty locations you are interested in applying.

About the Southwestern Region

The Southwestern Region covers more than 20.6 million acres, boasting thousands of recreation opportunities spread across six national forests in Arizona, five national forests and a national grassland in New Mexico, and one national grassland each in Oklahoma and the Texas panhandle. The elevation ranges from 1,600 feet above sea level and an annual rainfall of 8 inches in Arizona's lower Sonoran Desert to 13,171-foot high Wheeler Peak and over 35 inches of precipitation a year in northern New Mexico.
