Southwestern Region Fire Hire
Outreach Notice—Fire Positions
October 2012

Application Deadline Extended To: DECEMBER 31, 2012

The Southwestern Region is looking for a committed, hardworking, highly skilled workforce to suppress wildfires and work in fuels management on 11 national forests located in Arizona and New Mexico. The fire and aviation management program is very rewarding and requires talented people working safely as part of a team in a variety of specialized positions; including dispatch, engine crews, fuels management, hand crews, helitack, interagency hotshot crews, and prevention.

The Fire Hire program streamlines the hiring process for permanent fire positions and provide consistent hiring around the Region. This hiring process assists the national forests in the Southwestern Region to fill vacancies in a more efficient and timely manner

Included is (1) the outreach for GS-0462-04 through 09 current permanent fire and fuels positions covered by the Open Continuous Rosters (OCRs); (2) the Outreach Notice Reply; and (3) instructions on how to apply.

The vacancy announcements for these positions are posted on USAJobs, the U.S. Government's official website for employment opportunities. There are Open Continuous vacancy announcements with no closing date. Apply by **December 31.** Applicants who have met the deadline and are found to be qualified and in the quality group will be referred for consideration to the selecting officials. **While the announcements are for current vacancies available in the Southwestern Region, please apply to any position and duty station you may be interested in as those positions may become vacant through the Fire Hire process.**

Important: **Complete the Outreach Notice Reply**. Your response is important. Address your outreach response to the contact listed for each location. If you are a Merit Candidate (current permanent Federal employee), only respond and apply to the Merit Announcement. Additional information about the position is available from the direct supervisor.

The Process and Timeline

October 15, 2012—Outreach begins. See the Outreach Notice listing all vacant permanent fire vacancies and locations from the GS-0462-04 through 09 levels.

December 31, 2012—Application deadline. Apply through USAJobs. Applicants are encouraged to apply for multiple locations (**where they would accept a position if offered**), even if vacancies for certain locations are not listed as vacant. Vacancies may occur during the hiring process and could be filled during Selection Week.

January 28 – February 1, 2013—Application evaluation. Subject matter experts will generate reference evaluations for use by selecting officials.

February 4 - 8, 2013—Selections. Representatives from each forest will make recommendations for hiring. Forest Service representatives will notify selected applicants by phone. Applicants not selected will be notified by e-mail.

Late March to early April, 2013 —First effective date (excluding drug testing, transfer of station, and less than Permanent Full Time appointments).

NOTE: Interagency Fire Program Management (IFPM) qualifications must be met prior to selection.
Forest Service – Fire Program Management (FS-FPM) qualifications must be met by October 1, 2013.
A current copy of your IQCS Master Record will be needed for most positions in this outreach because of these qualification requirements.

See our Fire Hire website for more information.

Complete the application process and submit all required documents electronically by 11:59 p.m. Eastern Time (ET) on December 31, 2012. Assistance is available during business hours (normally 8:00 a.m. - 4:00 p.m., Monday - Friday). Applying online is highly encouraged. If applying online poses a hardship, please contact our office well before the closing date for an alternate method. All hardship application packages with supporting documents must be received no later than noon on December 1 in order to be entered into the system prior to its closing. This agency provides reasonable accommodation to applicants with disabilities on a case-by-case basis. Please contact us if you require this for any part of the application and hiring process.

Step1 – Create a USAJOBS account (if you do not already have one). It is recommended that as part of your profile you set up automatic email notification to be informed when the status of your application changes. If you choose not to set up this automatic notification, then you will have to log into your USAJOBS account to check on the status of your application.

Step 2 - Create a Resume with USAJOBS or upload a Resume into your USAJOBS account. You may want to customize your resume to ensure it documents duties and accomplishments you have gained that are directly related to this position in order to verify that qualifications are met. In addition, your resume must support your responses to the online questionnaire (you may preview the online questionnaire by clicking on the link at the end of the How You Will Be Evaluated section of the job announcement).

Step 3 - Click "Apply Online" and follow the prompts to complete the Occupational Questionnaire and attach any additional documents that may be required.

You can update your application or documents anytime while the announcement is open. Simply log into your USAJOBS account and click on "Application Status." Click on the position title, and then select "Update Application" to continue.
