

PRAIRIE DOG HUNTING INFORMATION GRAND RIVER NATIONAL GRASSLAND

SEASON: Open year round on private and Federal land.

Attached is a map of the black-tailed prairie dog colonies on the Grand River Ranger District in Perkins and Corson Counties. We also have a larger visitor map available for \$14.00 or a free motor vehicle use map which shows the roads open for public travel. Please stay on roads when driving on the grasslands.

While hunting prairie dogs, please be aware that burrowing owls may also use prairie dog habitat and that shooting of this species is not allowed.

The license required to hunt prairie dogs is a predator/varmint license or any current year South Dakota hunting license. You may purchase a license in Lemmon at Geo's Corner on Main Street or at Summerville Store by Shadehill Recreation Area. To find out more about the licenses required or to purchase a license online, please visit www.gfp.sd.gov.

Camping on the National Grasslands is allowed, however, we do not have any developed campgrounds. Developed campgrounds are available at Shadehill Recreation Area.

Lemmon has two motels: Lemmon Country Inn (605) 374-3711 and Dakota Lodge (605) 374-7815. Lemmon also has several restaurants available.

If you would like more information, please feel free to call or stop in. Our telephone number is (605) 374-3592.
