INTEGRATED RESOURCE CONTRACT

September 2004
(Date of Issue)

PROVISIONS FOR MEASUREMENT OF PRODUCTS AFTER HARVEST

This contract is organized into Parts, Sections, Subsections, and Items. These are numbered in accordance with the following scheme: Part B, Section B.1, Subsection B.1.1, and Item B.1.1.1. References to a Part include all Sections, Subsections, and Items within that Part; references to a Section include all Subsections and Items within that Section; and references to a Subsection include all Items within that Subsection. Cross-references within this contract cite the reference number of the applicable Part, Section, Subsection, and Item. Descriptive headings used are not to be considered in determining the rights and obligations of the parties.

Parts B through J are subject to Specific Conditions in Part A. Wherever appropriate, Specific Conditions established in Part A are cited by reference number. The listing of Sections, Subsections, or Items in provision A.21 has the effect of striking or deleting them from Part B through J. Provision A.22 lists provisions that comprise Part K. Where appropriate, references to Special Provisions are made by citing the applicable reference numbers.
