Challenge Community Protection
Fuels Reduction Project input wanted

The Feather River Ranger District, Plumas National Forest, is asking for public input on a plan to reduce the risk of wildfire, on National Forest System (NFS) lands nearby the communities of Challenge and Woodleaf, California. The public is encouraged to provide written comments on the proposed project during this scoping phase of the environmental assessment process.
The project focuses on removing hazard trees along roads and thinning trees and other vegetation in strategic locations within the project area to reduce the risk of wildfire. A summary of the proposed action is available online at http://www.fs.fed.us/nepa/nepa_project_exp.php?project=47960 or by contacting the Feather River Ranger District at 530-534-6500.
Specific, solution-oriented comments that focus on the proposed actions or identify issues with the proposal would be most useful in the planning efforts.
Although written or verbal comments are welcome at any time, they will be most helpful if submitted in writing by September 7, 2016 to:
Randy Gould,
Feather River District Ranger,
875 Mitchell Ave., Oroville, CA, 95965
or email: comments-pacificsouthwest-plumas-featherrvr@fs.fed.us
If you have questions or wish to discuss the proposed project in more detail, please contact Clay Davis at clayrdavis@fs.fed.us or 530-532-8940.
