## ARIZONA TRAIL \#101

General Attractions: The North Kaibab Ranger District features the oldest section of Arizona Trail which will eventually span the state from north to south, a distance of 750 miles. The trail passes through a number of different environments: mixed pinyon and juniper woodlands, sagebrush and grassland communities, and Ponderosa pine forests mixed with aspen groves. At the East Rim viewpoint, there are dramatic views of Saddle Mountain Wilderness, House Rock Valley, Marble Canyon and the Navajo Indian Reservation.

## Fee: None
