## Welcome to the Cold Springs Ranger District

The Belle Starr Multi-Use Trail is a 22.6 mile looping trail that winds over the unique and varied terrain of the Ouachita National Forest. Riders and hikers will experience a diverse forest, with tree species including shortleaf pine, hickory, oak, ash, sweetgum, maple and elm as well as flowering and fruit trees like dogwood, redbud and wild plum. The trail offers users an opportunity to explore exciting outdoor adventures, including awe inspiring vistas, clear mountain creeks and stunning scenery. Rides range from moderately easy to more difficult.

## Traveling through the Ouachita National Forest

Use of off-highway vehicles (OHVs) on the Belle Starr Multi-Use Trail is limited to designated roads and trails. Please camp only at designated camp sites. Trailheads are not designated camp sites. For your safety, helmet use is highly recommended. Pick up a free *Motorized Vehicle Use Map (MVUM)* or *Traveling the Backcountry* publication at the Cold Springs Ranger District Office to help you know the designated routes. Maps are also available online at <http://fs.usda.gov/ouachita>.

## General Information

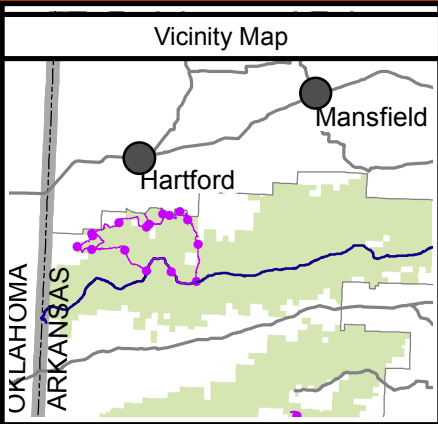

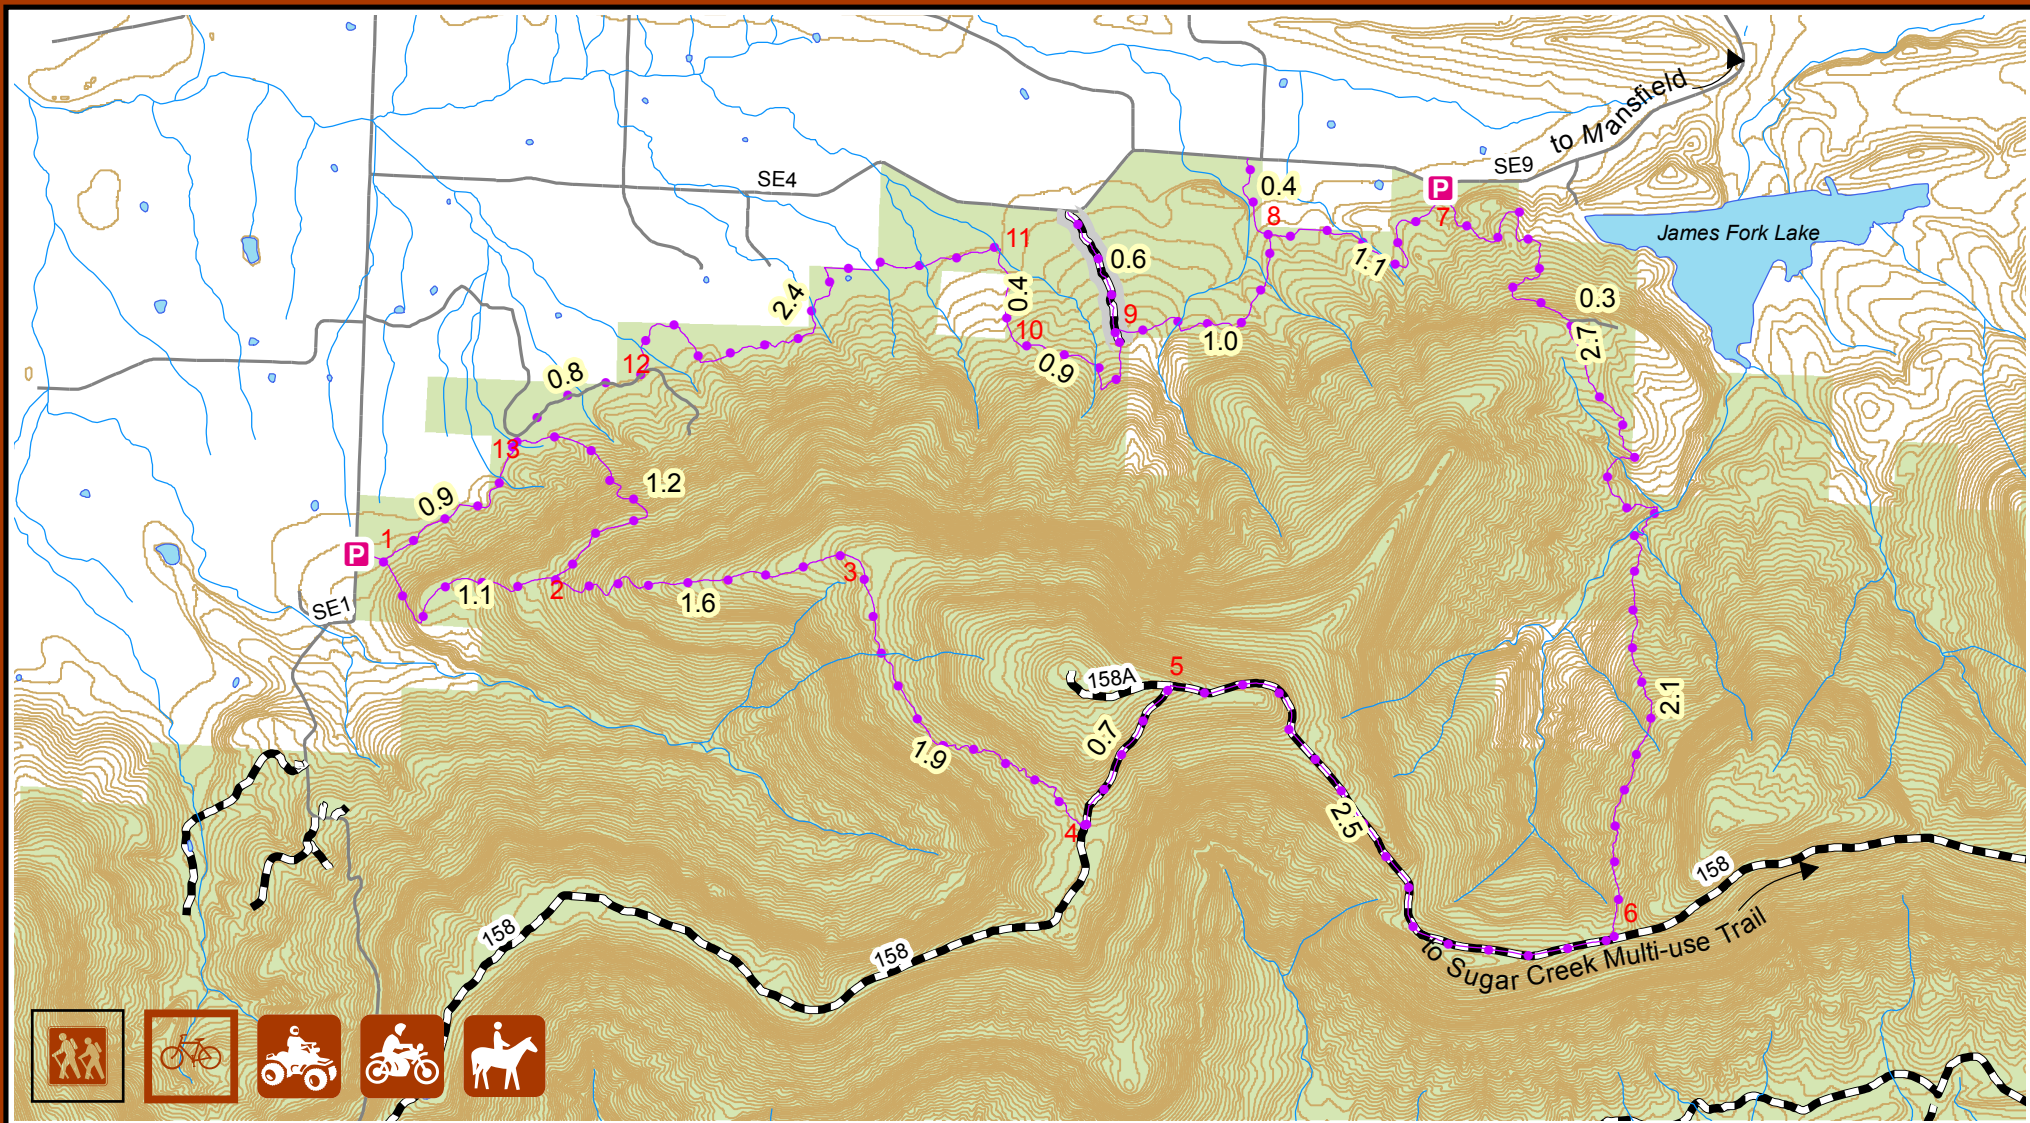

- Trails are either gravel or unsurfaced.
- The trail is marked with yellow rectangles. Markers are posted at intersections to help keep you on the trail.
- In Autumn, hunting is a very popular past time. Be alert and wear bright orange.
