

Final Environmental Impact Statement Huron-Manistee National Forests

Eastern Region
Milwaukee, Wisconsin
March 2006

Responsible Agency: USDA-Forest Service

Responsible Official: Randy Moore, Regional Forester
626 E. Wisconsin Avenue, Suite 800
Milwaukee, WI 53202
414-297-3600

**For Further Information
Contact:** Jeffery G. Pullen, Forest Planner
Huron-Manistee National Forests
1755 South Mitchell Street
Cadillac, MI 49601
231-775-2421
TTY: 231-775-3183

TABLE OF CONTENTS

| Description | Page |
|--|--------------|
| PREFACE - UNDERSTANDING THE FINAL ENVIRONMENTAL IMPACT STATEMENT (FEIS) | ix |
| Introduction | ix |
| Organization of the Final Environmental Impact Statement | ix |
| Forest Niche | x |
| CHAPTER I – PURPOSE AND NEED AND PUBLIC INVOLVEMENT | I-1 |
| Purpose and Need for Action | I-1 |
| Decisions to be Made in the Forest Plan | I-3 |
| Proposed Action | I-4 |
| Public Involvement | I-6 |
| Significant Issues | I-8 |
| Nonsignificant Issues | I-12 |
| Relevant Issues Not Considered in Detail | I-13 |
| CHAPTER II – THE ALTERNATIVES | II-1 |
| Introduction | II-1 |
| Developing Alternatives | II-1 |
| Alternatives Considered But Eliminated From Detailed Study | II-2 |
| Alternatives Considered in Detail | II-5 |
| Alternative Comparison | II-11 |
| Preferred Alternative | II-17 |
| CHAPTER III – AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES | III-1 |
| Affected Environment – Physical Resources | III-1 |
| Environmental Consequences – Physical Resources | III-10 |
| Affected Environment – Biological Resources | III-31 |
| Environmental Consequences – Biological Resources | III-48 |
| Affected Environment – Recreation, Social and Economic Resources | III-257 |
| Environmental Consequences – Recreation, Social and Economic Resources | III-272 |
| References | III-351 |
| CHAPTER IV – PREPARERS AND CONTRIBUTORS | IV-1 |
| CHAPTER V – FINAL ENVIRONMENTAL IMPACT STATEMENT DISTRIBUTION | V-1 |

TABLE OF CONTENTS (Continued)

| Description | Page |
|--|------|
| APPENDIX A – DESCRIPTION OF THE ANALYSIS PROCESS | A-1 |
| APPENDIX B – SPECIES VIABILITY EVALUATION | B-1 |
| APPENDIX C – RESEARCH NATURAL AREAS | C-1 |
| APPENDIX D – ROADLESS/WILDERNESS INVENTORY | D-1 |
| APPENDIX E – WILD AND SCENIC RIVER INVENTORY UPDATE | E-1 |
| APPENDIX F – FEDERAL THREATENED, ENDANGERED AND REGIONAL FORESTER SENSITIVE SPECIES | F-1 |
| APPENDIX G – MANAGEMENT INDICATOR SPECIES | G-1 |
| APPENDIX H – LAND SUITED FOR TIMBER MANAGEMENT | H-1 |
| APPENDIX I – RELEVANT STATUTES, REGULATIONS, POLICIES AND AGREEMENTS | I-1 |
| APPENDIX J - RESPONSE TO COMMENTS | J-1 |
| APPENDIX K - REFERENCES | K-1 |
| APPENDIX L - GLOSSARY | L-1 |
| APPENDIX M - INDEX | M-1 |

LIST OF TABLES

| Description | Page |
|---|---------|
| CHAPTER II – THE ALTERNATIVES | |
| II-1. Steps for Developing Alternatives for Forest Plan Revision | II-2 |
| II-2. Alternative Comparison | II-13 |
| CHAPTER III – AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES | |
| III-1. Water Quality Concerns within the Forests’ Boundaries | III-6 |
| III-2. Biomass Removal for Direct and Indirect Effects Analysis | III-11 |
| III-3. Biomass Removal for Cumulative Effects Analysis | III-12 |
| III-4. Acres Available by Category of Restriction – Alternative A | III-28 |
| III-5. Acres Available by Category of Restriction – Alternatives B and C Vegetative Type Composition by Percentage on Huron-Manistee | III-30 |
| III-6. National Forests | III-39 |
| III-7. Present Vegetation Types and Age Classes | III-40 |
| III-8. Distribution of Old-Growth by Vegetative Type | III-44 |
| III-9. Distribution of Old-Growth by Management Area | III-44 |
| III-10. Kirtland’s Warbler Management Acreage, by Alternative | III-60 |
| III-11. Comparison of Barrens Restoration by Decade | III-65 |
| III-12. Habitat Groups for Aquatic Species of Concern | III-71 |
| III-13. Habitat Classes for Ruffed Grouse | III-171 |
| III-14. Habitat Quantity for Decades 1, 4 and 9 | III-173 |
| III-15. Habitat Quality for Decades 1, 4 and 9 | III-173 |
| III-16. Deer Emphasis Area: Acres and Percents Available for Management by Alternative | III-190 |
| III-17. Acres and Percents of Wildlife Emphasis Areas Available for Management by Alternative | III-192 |
| III-18. Wildlife Emphasis Areas – Acres by Alternative | III-192 |
| III-19. Estimated acres of each Vegetative Class for Alternative A | III-209 |
| III-20. Age class distribution for all forest types under each alternative after 10 years | III-211 |
| III-21. Age class distribution for all forest types under each alternative after 30 years | III-213 |
| III-22. Age class distribution for all forest types under each alternative after 50 years | III-216 |
| III-23. Age-class distribution for all forest types under each alternative after 100 years | III-218 |
| III-24. Estimated acres of each Vegetative Class for Alternative B | III-223 |
| III-25. Estimated acres of each Vegetative Class for Alternative C | III-228 |
| III-26. Percent of Designated Old-Growth Areas occurring within Management Areas with surface occupancy restrictions. | III-245 |

LIST OF TABLES (CONTINUED)

| Description | Page |
|--|---------|
| III-27. Characteristics of Recreation Opportunity Spectrum Classes | III-259 |
| III-28. Acres by Recreation Opportunity Spectrum Class | III-262 |
| III-29. Miles of Trail by Recreational Use | III-264 |
| III-30. National Forest Road Miles by Maintenance Level | III-266 |
| III-31. Output Values for Timber Products from the Huron and Manistee National Forests | III-268 |
| III-32. National Visitor Use Monitoring Summary (Annual RVDs) | III-273 |
| III-33. Comparison of Wild and Scenic and Legislatively Designated Study Rivers by Alternative | III-278 |
| III-34. Miles of Nonmotorized and Motorized Trails | III-284 |
| III-35. Mountain Bike Trail Access Provided | III-285 |
| III-36. Miles of Roads and Trails Open to Snowmobiles | III-287 |
| III-37. Nonmotorized Trail Density by Management Area | III-288 |
| III-38. Motorized Trail Density (miles per sq. mile) by Management Area | III-289 |
| III-39. Scenic Class Matrix | III-292 |
| III-40. Acres Currently Allocated Semiprimitive Nonmotorized, by Forest | III-296 |
| III-41. Areas Currently Allocated Semiprimitive Motorized, by Forest | III-297 |
| III-42. Proposed Forest Semiprimitive Motorized Area Identified but not Amended into the Forest Plan | III-297 |
| III-43. Semiprimitive Areas by Alternative | III-299 |
| III-44. Acres of Semiprimitive Areas by Alternative | III-301 |
| III-45. Maintenance Level of National Forest Roads | III-304 |
| III-46. National Forest Lands by County | III-308 |
| III-47. Hunted Species Population Ranking Short Term and Long Term | III-316 |
| III-48. Semiprimitive Nonmotorized and Semiprimitive Motorized Management Areas | III-318 |
| III-49. Current Role of Forest Service-Related Contributions to the Area Economy | III-320 |
| III-50. Employment by Program by Alternative (Average Annual, Decade 1) | III-326 |
| III-51. Labor Income by Program by Alternative (Average Annual, Decade 1; \$1,000,000) | III-327 |
| III-52. Employment by Major Industry by Alternative (Average Annual, Decade 1) | III-327 |
| III-53. Labor Income by Major Industry by Alternative (Average Annual, Decade 1; \$1,000,000). | III-328 |
| III-54. Forest Service Revenues and Payments to Counties (Annual Avg., Decade 1; \$1,000,000). | III-328 |
| III-55. Present Net Value | III-332 |
| III-56. Households and Household Income by County and Economic Impact Area | III-333 |
| III-57. Household Earnings and Income Sources by County, 2000 | III-335 |

LIST OF TABLES (CONTINUED)

| | Description | Page |
|---------|--|---------|
| III-58. | Population by Race and Percent Non-white in the United States, Michigan, Wisconsin, and National Forest Impact Areas, 2000 | III-338 |
| III-59. | Percentage of Minority Populations in Michigan | III-338 |
| III-60. | Michigan's Population Below Poverty | III-339 |
| III-61. | Timber Volume Produced Per Decade | III-341 |
| III-62. | Vegetation Class Conversions under Alternatives B and C | III-342 |
| III-63. | Hunted Species Population Ranking Short Term and Long Term | III-342 |

APPENDIX A – DESCRIPTION OF THE ANALYSIS PROCESS

| | | |
|-------|--|------|
| A-1. | Identification Levels Used to Classify the HMNF Land base for Analysis | A-5 |
| A-2. | Level 1 Identifiers for Alternative B – Location on the HMNF by Forest and Management Area | A-6 |
| A-3. | Level 2 Identifiers – Vegetation Classes | A-7 |
| A-4. | Level 3 Identifiers – Age Class Groups | A-8 |
| A-5. | Level 4 Identifiers – Old Growth | A-8 |
| A-6. | Level 5 Identifiers – Suitability of Land for Timber Production | A-8 |
| A-7. | Spectrum Constraints Related to Species Viability Concerns, Acres of Forest types Converted or Succeeding to Other Types | A-12 |
| A-8. | Spectrum Constraints Related to Species Viability Concerns, Acres of Old Growth Conversion to Barrens | A-13 |
| A-9. | Spectrum Constraints Related to Management Indicator Concerns | A-13 |
| A-10. | Spectrum Constraints Related to Fuel Hazard Reduction Concerns | A-14 |
| A-11. | Priced Output Values Used in the Spectrum Model | A-14 |
| A-12. | Costs of Activities, Regeneration and Vegetative Class Conversions | A-15 |
| A-13. | Spectrum Benchmark Runs by Present Net Value and Allowable Sale Quantity | A-18 |
| A-14. | Spectrum Model Results | A-19 |

APPENDIX B – SPECIES VIABILITY EVALUATIONS

| | | |
|------|---|------|
| B-1. | Forest Ranks (F ranks) for Species Considered in the Species Viability Evaluation | B-6 |
| B-2. | Aquatic Species Groups | B-12 |
| B-3. | Species Viability Evaluation – Terrestrial Wildlife Habitat Groups | B-13 |
| B-4. | Species Viability Evaluation – Botanical Habitat Groups and Communities of Concern | B-15 |
| B-5. | Standards and Guidelines Developed to Protect the Viability of Species or Natural Communities | B-16 |

LIST OF TABLES (CONTINUED)

| Description | Page |
|--|------|
| APPENDIX C – RESEARCH NATURAL AREAS | |
| C-1. Existing Candidate Research Natural Areas | C-1 |
| C-2. Proposed Candidate Research Natural Areas or Unique Areas | C-1 |
| C-3. Areas Carried Forward as Proposed Candidate Research Natural Areas | C-3 |
| APPENDIX D – ROADLESS/WILDERNESS INVENTORY | |
| D-1. Contiguous Areas Greater Than 2,000 Acres | D-2 |
| D-2. Contiguous Areas Greater Than 2000 Acres Which Could be Managed for Roadless Values (Shape and Ownership) | D-3 |
| D-3. Potential Inventory Areas | D-3 |
| D-4. Summary of Potential Areas Evaluated for Roadless Inventory on the Huron-Manistee National Forests | D-5 |
| APPENDIX E – WILD AND SCENIC RIVER INVENTORY UPDATE | |
| E-1. Huron-Manistee National Forests Eligible Wild, Scenic and Recreational Rivers | E-2 |
| E-2. Huron-Manistee National Forests Designated Wild and Scenic Rivers | E-3 |
| E-3. Huron-Manistee National Forests Study Rivers | E-4 |
| APPENDIX F – FEDERAL THREATENED, ENDANGERED, AND REGIONAL FORESTER SENSITIVE SPECIES | |
| F-1. Federally Listed Species | F-2 |
| F-2. Regional Forester’s Sensitive Species and Other Species of Concern | F-2 |
| APPENDIX G – MANAGEMENT INDICATOR SPECIES | |
| G-1. Potential Management Indicator Species (MIS) Evaluated Against Four Criteria for Ideal MIS as Listed on the R9 Website | G-1 |
| G-2. Species Determined to be Potentially Suitable as Management Indicator Species (MIS) as Shown in Table G-1 and Rationale for the Final Decision Regarding Their Suitability | G-3 |
| G-3. Huron-Manistee National Forests Historic Michigan Department of Natural Resources Stream Sampling Sites (“Index Sites”) for Long-Term Salmonid Population Monitoring (Gowing and Alexander 1980) ¹ | G-7 |

LIST OF TABLES (CONTINUED)

| | Description | Page |
|---|---|------|
| G-4. | Huron-Manistee National Forests Current Michigan Department of Natural Resources Stream Sampling Sites (“Index Sites”) for Long-term Salmonid Population Monitoring | G-8 |
| APPENDIX H – LAND SUITED FOR TIMBER MANAGEMENT | | |
| H-1. | Timber Resource Land Suitability | H-3 |
| H-2. | Timber Productivity Classification ¹ | H-4 |
| H-3. | Age Class Distribution Acres on all National Forest System Lands for Lands Where Data are Available | H-4 |

LIST OF FIGURES

| | Description | Page |
|--|--|---------|
| CHAPTER III – AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES | | |
| III-1. | 5th Level Watersheds for the Huron-Manistee National Forests | III-4 |
| III-2. | Forest Service Definition of Riparian Area (FSM 2526.05) | III-34 |
| III-3. | Plan View Representation of a Riparian Corridor | III-35 |
| III-4. | Relationship of Riparian Corridor to Streamside Management Zone | III-36 |
| III-5. | Presettlement Vegetation of the Huron-Manistee National Forests | III-38 |
| III-6. | Acreage of Barrens Creation, by Alternative | III-65 |
| III-7. | Golden-winged Warbler Habitat, by Decade | III-114 |
| III-8. | Aspen/Birch Age Classes – Current Condition | III-172 |
| III-9. | Grouse Management Area Aspen/Birch Age Classes – Current Condition | III-172 |
| III-20. | Total Acres of All Aspen/Birch and Grouse Management Areas by Decade | III-174 |
| III-31. | Aspen/Birch Age Classes – End of Decade 1 | III-175 |
| III-42. | Aspen/Birch Age Classes – End of Decade 4 | III-176 |
| III-53. | Aspen/Birch Age Classes – End of Decade 9 | III-176 |
| III-64. | Grouse Management Areas Aspen/Birch Age Classes – End of Decade 1 | III-177 |
| III-75. | Grouse Management Areas Aspen/Birch Age Classes – End of Decade 4 | III-177 |
| III-86. | Grouse Management Areas Aspen/Birch Age Classes – End of Decade 9 | III-178 |
| III-97. | Streamside Management Zone under S&Gs for Alternative A | III-194 |

LIST OF FIGURES (CONTINUED)

| | | |
|----------|--|---------|
| III-108. | Streamside Management Zone location for Alternatives B and C | III-198 |
| III-119. | Michigan National Forest Impact Areas and Proclamation Boundaries | III-269 |
| III-20. | Origin of Huron-Manistee National Forests Visitors Based on National Visitor Use Monitoring (NVUM) Samples | III-271 |
| III-21. | Median Incomes, 2000 | III-334 |
| III-22. | Percentage of Households Receiving Retirement Income Compared to the State of Michigan, 2000 | III-336 |
| III-23. | Percent of Non-white Populations in Michigan and Within Michigan National Forest Boundaries | III-337 |

APPENDIX A – DESCRIPTION OF ANALYSIS PROCESS

| | | |
|------|--|------|
| A-1. | Timber Harvest Schedule Model – Process Overview | A-4 |
| A-2. | First Decade Alternative and Benchmark Comparisons of Average Annual Harvest | A-18 |
| A-3. | Economic Impact Area for the Huron-Manistee National Forests | A-21 |

APPENDIX B – SPECIES VIABILITY EVALUATION

| | | |
|------|---|-----|
| B-1. | Species Viability Evaluation Process Flow Chart | B-4 |
|------|---|-----|

APPENDIX H – LAND SUITED FOR TIMBER MANAGEMENT

| | | |
|------|---|-----|
| H-1. | Huron-Manistee National Forests' Land Suitability Classification (acres). Species Viability Evaluation Process Flow Chart | H-1 |
|------|---|-----|
