

## **Not R2 Sensitive Species and Not of Concern**

### **Recommendations and Evaluations**

**Common Name:** Barren's Dagger Moth

**Scientific Name:** *Acronicta albarufa*

**Recommendation:** Not R2 Sensitive Species and Not of Concern

### **Recommendation Rationale:**

Although Colorado indicates historical record (prior to 1920), these apparently are no known population in R2. Taxonomic problems further cloud the issue. There are no identified threats or other indications of concern.
