

Not R2 Sensitive Species and Not of Concern

Recommendations and Evaluations

Common Name: Mulberry Wing

Scientific Name: *Poanes massasoit*

Recommendation: Not R2 Sensitive Species and Not of Concern

Recommendation Rationale:

Eastern species - only one record in R2 widely distributed in east. No population trend data - only one individual has been reported. No habitat trend data for R2, occurs in freshwater marshes which have numerous threats.

***Note:** if Roberts County is on NF lands, may want to include as emphasis species.
