

These acres were calculated from GIS data Available on the Forest Service Roadless website for the 2001 Roadless EIS. The data was downloaded on 8/24/2011 by Suzanne Johnson WO Minerals & Geology- GIS/Database Specialist. It was discovered that the Santa Fe NF in NM has errors. This spreadsheet holds the corrected data from the Santa Fe NF. The GIS data was downloaded from the eGIS data center SDE instance on 8/25/2011
