International Migratory Bird Day 2016

Birding at Coyote Hill

See, hear, and learn about the birds found in the San Juan National Forest, *led by Ben Bailey, Weminuche Audubon Society*. Bring binoculars, water and wear layers. Open to all ages, birding abilities, and families. Meeting location will be at the Coyote Hill trailhead.

Directions: For convenience we will begin the hike at the parking area on the right side of Piedra Road just after the first cattle guard, approximately five and half miles north of Hwy 160. Plenty of parking will be available. Restroom facilities are not available.

The event may be cancelled due to inclement weather or other unforeseen circumstances.
