**PURPOSE AND CONTENTS OF THIS MAP**

The designations shown on this motor vehicle use map (MVUM) were made by the responsible official pursuant to 36 CFR 212.51, are effective as of the date on the front cover of this MVUM, and will remain in effect until superseded by next year's MVUM.

It is the responsibility of the user to acquire the current MVUM. This MVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Camino Real Ranger District that are designated for motor vehicle use pursuant to 36 CFR 212.51. This MVUM also identifies the vehicle classes allowed on each route and in each area and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 201.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.

**These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.**

**EXPLANATION OF LEGEND ITEMS**

These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the state.

Trails Open to Vehicles 50 inches or Less in Width:  
-----  
Trails open only to motor vehicles 50 inches or less in width at the widest point on the vehicle.

Seasonal Designation:  
This symbol, used in conjunction with one of the other road or trail symbols, indicates that the road or trail is open only during certain portions of the year. All routes with seasonal designations on the Camino Real Ranger District are open from 5/1 to 12/31.

Dispersed Camping/Big Game Retrieval:  
-----  
Dispersed Camping/Big Game Retrieval, Both Sides  
This symbol is used along with a designated road or trail to indicate limited cross-country motor vehicle use within a specific distance of that route, solely for the purpose of dispersed camping and/or big game retrieval. The dots indicate where this activity is permitted. They may be on the left, right, or both sides of the route. Refer to the Dispersed Camping/Big Game Retrieval Table for specifics.

Other Public Roads:  
Highways, U.S. State  
Other Public Roads  
These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Short Route Identifier:  
[7033]  
This symbol is used for roads that are too short to show a symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Table for designation information.

Milepost Marker:  
This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology.

Motorized Trail Access:  
[M]  
This symbol indicates a trailhead for access to a motorized route. Not all motorized routes have trailheads and those that do may range from primitive to developed.

**NOTE: Roads open to highway legal vehicles on the Carson National Forest include wheeled OHVs > 50" and wheeled OHVs <= 50" registered or permitted through the State of New Mexico.**

Seasonal Designations:  
All routes with seasonal designations on the Camino Real Ranger District are open from 5/1 to 12/31.

Open Areas to Cross Country Travel:  
There are no areas open to cross country motorized travel on the Camino Real Ranger District.

Dispersed Camping/Big Game Retrieval:  
The map contains a table listing routes where dispersed camping and big game retrieval are allowed.

When a big game animal has been legally taken, the individual who legally took the animal may drive or be driven to the downed animal. Under no circumstances may a second vehicle be used to retrieve the animal. The vehicle driven to the animal should be of sufficient capacity that only one trip is necessary. The number of individuals who participate in the retrieval is limited only by the vehicle's capacity, and the willingness of others to walk to and from the downed animal.

The vehicle used to retrieve the game may be operated off the route on National Forest Lands up to the distance specified on the MVUM. If downed game is further than the allowed distance, the vehicle may be driven only the specified distance from the designated route listed in the Dispersed Camping/Big Game Retrieval Table.
