## A. Alternative Travel Area Goals, Objectives, Standards and Guidelines

### Travel Planning Area Direction Under Alternative 1

Alternative 1 is the “no action” alternative. There would be no changes to current Forest Plan management direction applicable to travel management.

### Travel Planning Area Direction Under Alternatives 2 through 7

**GOAL 1: Summer Recreation Use.** Provide opportunities for both motorized and non-motorized summer recreation use with an emphasis on hiking, biking, and horseback riding. *This goal applies to Alternatives 2 through 7, with qualifications. Only Alternatives 2, 3 and 4 would provide ATV opportunities. Mountain bike opportunities would be eliminated in Alternative 5 and 6. There would be no motorized use in Alternative 6, but some motorcycle use would be allowed in Alternative 7. The differences between alternatives are largely due to this Travel Planning Area being within the Hyalite-Porcupine Buffalo Horn Wilderness Study Area.*

**OBJ. 1(1):** Manage the road and trail system to provide for the following types of summer recreation use. *This objective applies to Alternatives 2 through 7, however the amount of opportunity varies as shown in the table below.*

**GOAL 3: Fisheries.** Provide habitat for Yellowstone cutthroat trout in Fridley Creek.  
*This goal applies to Alternatives 2 through 7.*

In this Travel Planning Area, this goal is pursued through application of Forest-wide standards.

**GOAL 4: Wilderness Character.** Manage the Hyalite-Porcupine Buffalo Horn Wilderness Study Area to sustain the recreation setting and existing Wilderness characteristics as they were in 1977 and to preserve the area for future consideration as Wilderness. *This goal applies to Alternatives 2 through 7.*

**OBJ. 4(1):** Through monitoring and modification of use patterns, manage designated uses of roads and trails to meet Goal 4. *This objective applies to Alternatives 2 through 7.*
