

## TABLE OF CONTENTS

---

<b>Introduction .....</b>	<b>1</b>
<b>Step 1: Watershed Characterization .....</b>	<b>2</b>
Location and Setting.....	2
Hydrology.....	2
Stream Channels.....	5
Erosion Processes.....	5
Water Quality .....	7
Vegetation.....	7
Species and Habitats .....	7
Human Uses .....	8
Minerals.....	8
Livestock Grazing .....	8
Transportation .....	8
Recreation .....	8
Cultural Resources.....	8
<b>Step 2: Relevant Issues and Key Questions.....</b>	<b>12</b>
Relevant Issues.....	12
<b>Step 3: Current Conditions.....</b>	<b>14</b>
Core Topics .....	14
Erosion Processes.....	14
Geology and Geomorphology.....	14
Soils.....	15
Water Quality .....	16
Surface Water .....	16
Groundwater.....	20
Vegetation.....	20
Grassland .....	23
Riparian.....	23
Shrubland .....	23
Piñon-Juniper .....	24
Ponderosa Pine .....	24
Mixed Conifer .....	24
Vegetative Conditions .....	24
Species and Habitats .....	25
Wildlife Habitat.....	26
Wild Horses .....	30
Management Indicator Species .....	30
Human Uses .....	32
Minerals.....	32
Transportation .....	33
Livestock Grazing .....	36
Recreation .....	36
Cultural Resources.....	36

<b>Step 4: Reference Conditions .....</b>	<b>39</b>
Historic Overview .....	39
Erosion Processes .....	48
Water Quality .....	49
Vegetation .....	49
Species and Habitats .....	50
Human Uses .....	50
Minerals .....	50
Transportation .....	51
Livestock Grazing .....	51
Recreation .....	51
Cultural Resources .....	51
Wild and Scenic Rivers Eligibility .....	52
<b>Step 5: Synthesis and Interpretation .....</b>	<b>53</b>
Overview .....	53
Erosion Processes .....	54
Water Quality .....	54
Vegetation .....	55
Species and Habitats .....	55
Human Uses .....	56
Minerals .....	56
Transportation .....	56
Livestock Grazing .....	56
Recreation .....	57
Cultural Resources .....	57
<b>Step 6: Recommendations .....</b>	<b>58</b>
Current Programs .....	58
New Programs and Management Guidelines .....	59
<b>References .....</b>	<b>61</b>

## TABLE OF TABLES

---

Table 1	Watersheds on the Jicarilla Ranger District.....	2
Table 2	Erodible Soils and Soil Loss by Watershed.....	15
Table 3	Unsatisfactory Soil Condition by Watershed.....	16
Table 4	Peak Discharges for 2- through 50-Year Recurrence Intervals for Each Watershed .....	17
Table 5	Water Quality Impaired Uses in Receiving Waters.....	17
Table 6	Annual Sediment Yield from Roads near Drainages in Each Watershed .....	20
Table 7	Vegetation Types in Each Watershed.....	21
Table 8	Vegetation Types Removed for Wells and Roads.....	25
Table 9	Wildlife Habitat Within Core Areas (Elk) .....	28
Table 10	Management Indicator Species for the Jicarilla Ranger District .....	30
Table 11	Wells and Associated Amount of Bare Ground in Each Watershed .....	33
Table 12	Road Miles and Density by Watershed .....	35
Table 13	Amount of District Roads in Each Watershed .....	35
Table 14	Grazing Allotments.....	36
Table 15	Recorded Archaeological Sites in Each Watershed.....	37
Table 16	Frequency of Components and Sites by Watershed and Cultural Affiliation in the Jicarilla Ranger District .....	37
Table 17	Modal Site Types in Each Watershed .....	38
Table 18	Alternate Culture History Periodization Schemes in the Region Near the Jicarilla Ranger District .....	40
Table 19	Soil Loss Tolerance and Comparison with Current Conditions .....	49
Table 20	Comparison of Key Watershed Conditions .....	53

---

## TABLE OF MAPS

---

Map 1	Location of the Jicarilla Ranger District in the San Juan Basin .....	3
Map 2	Watersheds on the Jicarilla Ranger District.....	4
Map 3	Drainage Network in the Jicarilla Ranger District.....	6
Map 4	Wells within the Jicarilla Ranger District.....	9
Map 5	Livestock Grazing Allotments.....	10
Map 6	Recorded Archaeological Sites.....	11
Map 7	Road-Stream Crossings .....	19
Map 8	Vegetation Types within the Jicarilla Ranger District.....	22
Map 9	Wild Horse Territory, Deer and Elk Winter Ranges .....	27
Map 10	Core Areas in Each Watershed .....	29
Map 11	Jicarilla Ranger District Road System .....	34
