

FOREST PRODUCTS REMOVAL REQUEST

Arapaho And Roosevelt National Forests U.S. Department Of Agriculture - Forest Service

How to Use This Form

The following form is not a valid permit! This form is for permit application only. Use the form by filling in the boxes below and returning the completed form via email to SM.FS.arpforprod@usda.gov. Once our office receives your form, you will be contacted via phone by Forest Service staff to process a credit card payment for the official permit. Once payment is received, a permit will be emailed to you with a Forest Service staff signature. The permit must then be printed, signed by the permit holder, and carried – filling out the “Product Quantity Removal Record” section of the permit as you cut; should a law enforcement officer need to check your permit and load.

Please Note

Forest Product permit regulations and application differ from forest to forest. Below highlights important difference to take note of:

This Form – Use the form below to apply for a Forest Product permit, by sending the completed form to SM.FS.arpforprod@usda.gov.

Signatures – The permit holder will be responsible for printing and signing your final Forest Product permit, which will be emailed to you once payment is received.

Load Tags – The permit holder will be responsible for carrying the printed, signed copy of their permit, and filling out the “Product Quantity Removal Record” as they cut. This will be taking the place of “Load Tags” should a Law Enforcement Officer need to check the load.

Closure Areas – Several locations throughout the forest remain closed to all users because they are within burned areas. It is the permit holder's responsibility to observe closure area boundaries. To check closure area status please visit: <https://www.fs.usda.gov/arp>.

By signing, the permit requestor acknowledges that they have read and understand the above _____

FUELWOOD PERMIT

This permit is valid to collect up to the number of cords specified on the attached document on public system lands only on the Arapaho and Roosevelt National Forests on the specific Ranger District indicated on the attached signed permit (FS2400-1). Permit holders are responsible for identifying their location when they are cutting and collecting fuelwood. Signs may or may not be posted. This permit allows the cutting and gathering of wood within a distance of 200' of open roads on National Forest System lands only for the following conditions: **1) Standing red needled or gray pine trees** and/or **2) Dead and down trees**. ALL motorized vehicles must stay on system roads and are NOT allowed off roads to assist in collection; however, fuelwood may be transported using carts or wheelbarrows to transport material from the Forest to your vehicle. **WOOD OBTAINED UNDER THIS PERMIT IS FOR PERSONAL USE AND MAY NOT BE RE-SOLD.**

RULES FOR CUTTING & REMOVING WOOD

The following rules must be read and agreed to before a permit will be issued:

- Respect private property. The Government is not responsible cutting on private land.
- A valid permit in your possession is required before cutting or transporting firewood. Permits cost \$12 per cord and are valid as indicated from the date of purchase.
- A valid permit package consists of this document, a copy of the signed permit (FS2400-1), and the accompanying map.
- Closure orders may change throughout the year and may not be displayed on the permit map. Permit holder is responsible for observing all official road and area closures.
- Fuelwood may NOT be cut or gathered in commercial contract project areas as identified on the map, within wilderness areas, or within 500 feet of developed recreation sites including campgrounds, picnic areas, summer home groups, or trailheads.
- Do NOT cut or gather fuelwood from hand or machine piles unless authorized by a Forest Service Representative.
- All trees shall be felled away from roads, and not onto road surface or within road ditches.
- All chainsaws must be equipped with a spark arrester screen of at least .024-inch mesh. A shovel and one gallon of water must be immediately available for use in case of fire. Immediate access to a fire extinguisher is recommended.
- Vehicles will be parked so as not to obstruct or be a hazard to other vehicles.
- Designated Wildlife Trees or any trees marked with orange paint must not be cut.
- Do not smoke in the cutting area.
- Stumps shall be cut at or below a height of 6 inches. Trees shall be limbed to a 4-inch diameter top. Slash and unused vegetative matter resulting from Permittee's activities shall be scattered to a depth of less than 12 inches and shall not be left in piles or scattered on trails, roads, ditches, or stream channels.
- Firewood cut and/or collected under this permit shall be cut into lengths of eight (8) feet or less prior to removal.
- Pack out all litter.
- Failure to comply with regulations may cause permit revocation and/or a fine.
- Extensions or refunds will not be granted.
- The following additional restrictions apply when cutting fuelwood on the Boulder and Clear Creek Ranger Districts:
 - Operation hours are between 9am to 6pm.
 - This permit allows the cutting and gathering of trees 10" or less in diameter at breast height (4.5' high)

PERMIT VALID BETWEEN May 1, 2023 AND April 30, 2024

I HAVE READ THE ABOVE RULES FOR CUTTING AND REMOVING FIREWOOD FROM NATIONAL FOREST LAND, AND UNDERSTAND WHAT IS REQUIRED OF ME.
