Willamette	\$239,702	\$204,572	\$60,672	\$47,596	\$11,452	\$2,801

Providing the Recreation Opportunities You Want

Whether you have concerns or kudos, we invite you to comment on how funds collected at recreation sites are spent.

The Forest Service is now using an analysis process, called Recreation Facility Analysis, to focus on providing and improving recreation facilities and services that the public wants. This analysis also helps identify recreation sites that are in significant need of repair and costs to accomplish these repairs.

The Forest Service uses funds collected at recreation sites as well as appropriated dollars to keep facilities open and well maintained, and to address improvements and backlog repairs. The Forest Service can also use funds collected at recreation sites to obtain grants and secure partnerships, and to pay for the training and costs of volunteers, further stretching the buying power of the dollar. These monies can also be saved from year to year to address larger costs associated with recreation sites.

The Federal Lands Recreation Enhancement Act (REA) enables each Forest to retain 95% of the

funds collected. Of that, at least 80% is used to help improve and maintain the facilities and services that you use and expect.

We have developed these individual forest accomplishment reports so that you know exactly how your dollars are spent. REA states that fee dollars may only be spent on recreation facilities or services where a fee is charged. In the past, we have heard that people would like to see fees spent on clean recreation facilities, well-maintained trails, employee presence, and safety and security at recreation sites. If you would like to help identify other priorities for the use of these fee dollars, you are invited to contact your local recreation fee program coordinator, identified on the back of this report.

Thank you for supporting this program and helping us make a difference!

New Citizen's Advisory Committee

The Recreation Resource Advisory Committee (RAC) is a group of citizens who provide recommendations on Forest Service and Bureau of Land Management proposals for establishing new or changing existing fees. After establishing operating procedures and gaining an understanding of the Recreation Enhancement Act, the Recreation RAC, formed this year, made recommendations on 46 sites covering seven units on the Forest Service and BLM. The diversity of members on the Recreation RAC ensures good discussion and effective public involvement regarding recreation fees.

All Recreation RAC meetings are open to the public and will be announced through media, the *Federal Register* and on the web at: www.fs.fed.us/r6/passespermits/rrac.shtml.

Ochoco Accomplishments

Campground Revenues

- Accomplishments for the campgrounds include:
- Completed routine operation and maintenance on utilities and sanitation at 6 campgrounds, and trash collection at 5 campgrounds
- Maintained and posted health and safety signs at all campgrounds
- Made 2 CXT toilets accessible
- Repaired 1 solar water pump
