Federal Identifier: WANW-95-016
Grant Name: Jefferson Co. Magnet Center

Project Start Date: 09/07/1995
Project End Date: 12/31/1996

Applicant: Economic Development Council of Jefferson Co.
Contact: Erik Andersson, (360) 385-6767

FS Award: \$45,764
Leveraged Funds: \$147,300
Total Project Funding: \$193,064

Description:

The Magnet Center is designed to provide education, training, and skills enhancement in existing and future job occupations to youth and adults. The curriculum is based on employment training needs, both from the employer's perspective as well as from the worker's perspective. The Center is designed to respond quickly to marketplace and population demands for skill enhancement and training. The community identified the need for this type of facility through a long observation of the recurring themes around lack of opportunity for specific job training, skill enhancement, isolation and stagnation of the workforce, and lack of opportunity to engage youth in realistic job training and employment paths. This Center will help fill these community identified needs.

Grant Name: Transient Marine Feasibility

Project Start Date: 09/21/1997
Project End Date: 09/30/1998

Applicant: Port of Port Townsend
Contact: Lloyd Cahoon, 360-385-0656

FS Award: \$3,556
Leveraged Funds: \$41,750
Total Project Funding: \$45,306

Description:

This project will determine the feasibility of developing additional transient marina facilities on Port Townsend's downtown waterfront. The study will review alternatives and economic benefits for downtown Port Townsend, marine trade businesses, and the Port of Port Townsend. Marina patrons would bring a sizable contribution to the local economy through the purchase of goods and services. Marina trade businesses would benefit from a significantly increased presence of customers.

Federal Identifier: WANW-98-030
Grant Name: Tri-Area/Glen Cove Study - II

Project Start Date: 09/04/1998
Project End Date: 08/31/1999

Applicant: Jefferson County
Contact: Klara Fabry, 360-385-9160

FS Award: \$55,250
Leveraged Funds: \$26,860
Total Project Funding: \$82,110

Description:

This project will inventory the amount and location of commercial/manufacturing lands in eastern Jefferson County and provide specific sub-area plans for the Tri-Area and Glen Cove for the amount and location of commercial/manufacturing lands based on the inventory and a regional economic analysis. Based on the results, land use alternatives will be developed for analysis and consideration by the public and policy makers who will then be able to select a preferred alternative. Once this plan is completed, the County can provide stable and predictable processes to site commercial/manufacturing developments which can assist in economic development of the County by identifying needed land use capacity to sustain viable locations for these developments.
