Planned Accomplishments

- Increase Hours of Operation
- Improve facilities / Services
- Reduce Deferred Maintenance
- Maintain Site to Standard

Planned Accomplishments and Methods for Informing the Public:

Reason for Changing Fee

- Align fee to local market
- Inflationary Increase
- Outcome of RSFMP Process
- Increase / Improve Service
- Add Amenity

Level of Complexity:

Results of Not Implementing Fee Change

- Reduce Season or Service
- Eliminate Season or Service
- Decommission Site
- Close Site

Public Participation

Have the following tasks been accomplished? Yes

New Fee Minimum Tasks

- Six months advance notice in Federal Register
- Announcements in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)
- Give people an opportunity to review project plans (if completed) (from Interagency Federal Register Notice)

Fee Change Minimum Tasks

- Announcement in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)

Other Public Participation Tasks

Presentation at Chamber of Commerce & radio talk show. Federal Register notice was published in December 2006. Proposals have been discussed with Congressional staff. Site has been posted for potential fee program for two years.

Public Participation Results

Essentially no feedback on fee increase proposals.

Brief Description of Project Area

This campground is a popular family campground as well as a favorite of hunters in the fall on the Forest. It's located just south of the Strawberry Mountain Wilderness area approximately 21 miles east of Seneca, and 25 miles south of Prairie City. It sits on the fringes of the beautiful Logan Valley, borders on Big Creek and has 15 tent/trailer sites. It is also very close to a number of trailheads leading into the Strawberry Mountain Wilderness. A great spot for viewing wildlife and birding.

Brief Description of Project Area

This campground is used consistently throughout the use season, but use is higher during the game hunt seasons. Deerhorn campground provides a newer type vault toilet, with no drinking water available. The campground has rustic structures with a very low challenge for access for people with disabilities. There are 5 developed camp sites and fees are charged at this site. The site can facilitate vehicles with trailers, but has limited sites for motor homes with all 5 camp sites being rocked. Deerhorn is located on County Road 20 approximately 20 miles east of Prairie City within the Middle Fork John Day river riparian area.

Brief Description of Project Area

Located approximately 17 miles from Burns/Hines on 395, this campground has 12 campsites. The road system is paved. There is a pump for potable water. There are 6 single pit toilets in groups of two scattered within the campground. There are two small horse corrals and the campground is the only designated horse camp on the Emigrant Creek Ranger District. It is in close proximity to the old Seneca To Burns Railroad, King Mountain, Myrtle Creek, Craft Cabin Trail Systems. Deer, elk, and antelope can be seen in the area.

Brief Description of Project Area

This campground is a very popular campground on the Forest and is situated on the shore of Magone Lake. It consists of 20 tent/trailer sites, 3 tent walkin sites, a group camping loop, a log picnic pavilion, 17 individual picnic sites, a swimming beach, a hiking trail around the lake, with the portion from the beach to the campground as an accessible interpretative trail, and a paved boat ramp wiith a dock. It is approximately 26 miles north of John Day, and is used heavily by local recreationists as well as visitors form out of the local area. Several toilet facilities have recently been replaced and the water system is currently undergoing a complete overhaul. This campground has some accessible sites. While the new toilet facilities are accessible, this campground is the highest priority on the Forest for development of an additional accessible toilets that would improve and increase the accessibility of the main camping loop.

Planned Accomplishments

- Increase Hours of Operation
- Improve facilities / Services
- Reduce Deferred Maintenance
- Maintain Site to Standard

Planned Accomplishments and Methods for Informing the Public:

Reason for Changing Fee

- Align fee to local market
- Inflationary Increase
- Outcome of RSFMP Process
- Increase / Improve Service
- Add Amenity

Level of Complexity:

Results of Not Implementing Fee Change

- Reduce Season or Service
- Eliminate Season or Service
- Decommission Site
- Close Site

Public Participation

Have the following tasks been accomplished? Yes

New Fee Minimum Tasks

- Six months advance notice in Federal Register
- Announcements in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)
- Give people an opportunity to review project plans (if completed) (from Interagency Federal Register Notice)

Fee Change Minimum Tasks

- Announcement in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)

Other Public Participation Tasks

Presentation at Chamber of Commerce and radio talk shows. Federal Register notice was published in December 2006. Proposals have been discussed with Congressional staff. Site has been posted for potential fee program for two years.

Public Participation Results

Essentially no feedback on fee proposals.

Brief Description of Project Area

This campground on the Malheur NF is located on the Middle Fork of the John Day River approximately 23 miles NE of John Day on County road 20. It consists of 10 tent/trailer sites. A great place to observe salmon spawning in the fall. Consistent, careful maintenance of this site helps to ensure that recreation use doesn't impact this important fishery resource.

Brief Description of Project Area

This is a pleasant family campground situated between the Strawberry Mountain Wilderness and the popular Logan Valley area south of John Day, OR. It is primarily used by summer visitors and during hunting season. Existing site has caused impacts to sensitive bull trout fishery and current efforts to correct this have had only limited success. Need to install new toilet and reconfigure accessible sites away from the stream.

Brief Description of Project Area

This campground is popular with both the local visitors and campers from outside the area. It is situated on the shore of Trout Farm pond, and the mainstem of the John Day River. It consists of 6 tent/trailer sites, 4 tent sites, a log picnic pavilion, and an accessible hiking trail that goes approximately 3 quarters away around the lake with the trail continuing on around the lake back to the campground. This is a favorite fishing spot for the local kids and adults as the lake is stocked a few times each summer by Oregon Fish and Game.

Presentation at Chamber of Commerce and radio talk shows. Federal Register notice was published in December 2006. Proposals have been discussed with Congressional staff. Site has been posted for potential fee program for two years.

Public Participation Results

Essentially no feedback on fee increase proposals. Many members of local public attached to historic aspects of this site.

Brief Description of Project Area

This is a historic campground close to the communities in the John Day Valley. Other nearby capgrounds are reducing or eliminating facilities. This site is adjacent to Canyon Creek and is popular with families for fishing, hunting and other day uses. It is also near the west end of the Strawberry Mountain Wilderness. The number of sites has been reduced, so the occupancy rate of the remaining sites increases.

Brief Description of Project Area

Located 35 miles northwest of Burns. Turn right on County Road 127, then take Forest Road 47 to 37 and follow signs in the Malheur National Forest. There are 20 campsites, boat ramp, water, pit toilets, fireplaces, firewood. No trailer hookups, showers, electricity, or garbage disposal. There are no designated day-use picnic sites, though there are many suitable sites for a picnic.
