Difference in revenue associated with fee change:

Planned Accomplishments

Increase hours of operation

Improve facilities/services

Reduce deferred maintenance

Maintain site to standard

Planned accomplishments and methods for informing the public:

Reason for Changing Fee

- Align fee to local market
- Inflationary increase
- Outcome of RFA process
- Increase / improve service
- Add amenity

Results of Not Implementing Fee Change

- Reduce season or service
- Eliminate season or service
- Decommission site
- Close site

Public Participation

Have the following tasks been accomplished? Yes

New Fee Minimum Tasks

- Six months advance notice in Federal Register
- Announcement in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)
- Give people an opportunity to review project plans (if completed) (from Interagency Federal Register Notice)

Fee Change Minimum Tasks

- Announcement in local media
- Announcements near or in site where fee will be implemented
- Briefing with federal legislators (per WO direction)

Other public participation tasks:

Public participation results:

Release and briefing packages sent on February 15th. No comments at this time, but efforts are ongoing.

Brief description of project area

There are 23 campsites, which will accommodate tents, trailers, and RVs up to 30 feet in length, as well as 2 walk-in sites. The sites are well-spaced and offer a great deal of privacy. Its location is excellent for a variety of recreation opportunities, providing access to Lake Cushman, the Olympic National Park, and a variety of Forest Service trailheads.

Brief description of project area

Brown Creek Campground is located along the shore of the South Fork Skokomish River at the confluence with Brown Creek. Evergreen conifers and hardwoods provide lots of shade at this campground. It has 20 sites, 12 of which will accommodate RVs 20 feet in length. Several hiking opportunities exist nearby, including a short nature trail beginning at the site.

Brief description of project area

The Coho Campground is located on the shore of Lake Wynoochee and is a heavily used campsite. It is a beautiful wooded setting with a boat launch and a trailhead for the Wynoochee Lake Shore Loop Trail. It has 46 drive-in sites and 10 walk-in sites, one of which will accommodate a group of twelve. There is a nearby public phone and RV waste dump station. The site does not provide RV hookups. It is one of four "Cornerstone" campsites on the Olympic, identified as a hub of activity in the forest niche.

Brief description of project area

Collins is a quiet campground with 16 sites located along the shore of the Duckabush River. Several of the campsites are near the river. Ten sites accommodate tents, trailers and RVs up to 21 feet in length. Six sites accommodate a tent with a parking spur. The campground is near several hiking trails and is a short drive from the Hood Canal and water access at the Seal Rock campground.

Brief description of project area

Dungeness is located at the fork of the Dungeness and Graywolf Rivers and is a shaded, forested area with evergreen conifers. There are 10 sites, but RVs are not recommended due to steep, one-lane access roads. Several campsites lie along the river and multiple hiking opportunities exist nearby, some accessing the Buckhorn Wilderness and Olympic National Park.

Brief description of project area

This is a large 55 unit campground that will accommodate large recreation vehicles and vehicles pulling trailers. There is a short 0.3 mile loop nature trail that provides barrier-free access through a beautiful conifer stand and along the Sol Duc River for a short distance.

There is a small amphitheater in the large camp loop where interpretive programs are conducted during the summer months. From Klahowya Campground, side trips can be made to Sol Duc Hot Springs and Lake Crescent in the Olympic National Park. Several hiking trails are nearby. Also, a short drive on a steep mountain road leads to Kloshe Nanitch Lookout where panoramic views of the Sol Duc Valley, Lake Crescent and Mt. Olympus can be enjoyed.

Brief description of project area

Seal Rock Campground is located on the shores of the Hood Canal. The saltwater beaches are unique among Forest Service campgrounds, and provide an opportunity for harvesting oysters. There are 41 tent/RV sites, some lying along the shore. No sites provide RV hookups. There is a boat launch and an interpretive trail in the site. It is one of four "Cornerstone" campsites on the Olympic, identified as a hub of activity in the forest niche.
