

USDA Forest Service
Washington Grants Awarded by State and Private Forestry
Pacific Northwest Region, Cooperative Programs
1994-2004

County: Wahkiakum

Federal Identifier: WAEC-00-003
Grant Name: Skamokawa Sewer Design Plan

Project Start Date: 09/01/2000
Project End Date: 12/31/2002

Applicant: Skamokawa Water and Sewer District
Contact: Leon Almer, 360-795-0028

FS Award: \$47,988
Leveraged Funds: \$12,000
Total Project Funding: \$59,988

Description:

Funds from the application will complete the design and engineering of Skamokawa's first approved sewer system. The design will allow the community to tie into an existing treatment system (was privately owned). A NEPA checklist will also be completed to allow for the sewer district to complete for federal construction funding. Completion of the project will allow 51 households and 9 businesses to be immediately served by the communities first approved sewage system. The system will be designed to accommodate 182 total customers. The 9 businesses that provide jobs for 25 people are the primary source of work in the community. This will help the community address the Health Departments severe public health hazard determination by reducing the amount of effluent into Skamokawa Creek and the towns harbor.

Gifford Pinchot

Federal Identifier: WAEC-03-015
Grant Name: Western Wahkiakum Water System Design

Project Start Date: 07/01/2003
Project End Date: 12/31/2004

Applicant: Public Utility District #1 of Wahkiakum County
Contact: James Wilson, 360-795-3266

FS Award: \$50,000
Leveraged Funds: \$87,399
Total Project Funding: \$137,399

Description:

Funding for this project will provide design documents for a water system to serve approximately 100 customers at the west end of Wahkiakum county and into Pacific county. The project involves design of approximately 44,000 feet of waterline, a pump station, and 80,000 gallon reservoir. This infrastructure is an important improvement to the long-term capacity building of the area. Without infrastructure (particularly water supply) sustainability is difficult. This project, when constructed, will create a foundation for future development in the area.

Federal Identifier: WANW-00-029
Grant Name: Town of Cathlamet General Sewer Plan/Facility Plan

Project Start Date: 09/01/2000
Project End Date: 12/31/2002

Applicant: Town of Cathlamet
Contact: Barbara West, 360-795-3203

FS Award: \$50,000
Leveraged Funds: \$53,000
Total Project Funding: \$103,000

Description:

Funds from the application will identify existing and future populations and wasteloads within the Town of Cathlamet sewer service area over a 20-year planning period. The Facility Plan will summarize the wasteload projection, treatment requirements and water quality issues identified in the General Sewer Plan. Completion of the project will allow the Town of Cathlamet to receive final approval of the General Sewer and Facility Plan from the Department of Ecology. At the end of the project the Town will have a planning document that will identify all aspects of the sewer system and make recommendations for capital and operation and maintenance improvements.

Washington Grants Awarded by State and Private Forestry
Pacific Northwest Region, Cooperative Programs
1994-2004**

County: Wahkiakum

Federal Identifier: WANW-96-010
Grant Name: Comprehensive Water Plan

Project Start Date: 03/25/1996
Project End Date: 01/28/2000

Applicant: PUD #1 of Wahkiakum County
Contact: Tamara Bain, 360-795-3266

FS Award: \$48,200
Leveraged Funds: \$12,050
Total Project Funding: \$60,250

Description:

This grant of \$48,200 will help to develop a comprehensive water plan and feasibility study for potential water system expansion. This plan/study will meet the State Department of Health criteria and determine alternatives for a water system expansion which will enable the community to provide business potential in this rural county. It will also encourage active

Federal Identifier: WANW-97-008
Grant Name: Convention/Hotel Dvlpmnt Study

Project Start Date: 04/15/1997
Project End Date: 12/31/1999

Applicant: Wahkiakum Port District No. 1
Contact: John Tobin, 360-795-3301

FS Award: \$28,000
Leveraged Funds: \$0
Total Project Funding: \$28,000

Description:

This grant of \$28,000 will help the Port District to develop a convention/hotel feasibility study and marketing overview that will enumerate ways to increase the community's capacity for tourism. It will also explore investor opportunities associated with this project. The siting of a hotel and potential convention center is expected to encourage further business growth in

Federal Identifier: WANW-98-012
Grant Name: Water System Improvements

Project Start Date: 05/01/1998
Project End Date: 12/31/2000

Applicant: Town of Cathlamet
Contact: William Schwarze, 360-795-3203

FS Award: \$105,000
Leveraged Funds: \$2,859,896
Total Project Funding: \$2,964,896

Description:

This grant will provide supplemental funding for construction/upgrade of the regional surface water filtration plant and storage reservoir serving the Town of Cathlamet and Puget Island. Upgrading the water system will provide for adequate fire protection and allow for domestic and industrial growth in the community.
