

MANAGEMENT AREA #17

Amendment to Management Direction

Apply management direction from Prescription 9 – Wilderness to portions of this Management Area that were established as the Yuki Wilderness by the Northern California Coastal Wild Heritage Wilderness Act of 2006 (2006 Act). See map, page IV-150b.

Existing Management Area direction still applies in the new wilderness portions, except where it conflicts with direction from Prescription 9.

Do not close, or prohibit motorized or mechanical access, on “cherry-stemmed roads” that were open to the public as of the date of enactment of the 2006 Act, except for purposes of significant resource protection or public safety [Sec. 4(m)]. A cherry-stemmed road is defined in Sec. 4(m)(1) as one that “...is excluded from the wilderness areas designated by [the Act] by a non-wilderness corridor having designated wilderness on both sides...”. Cherry-stemmed roads in this management area include:

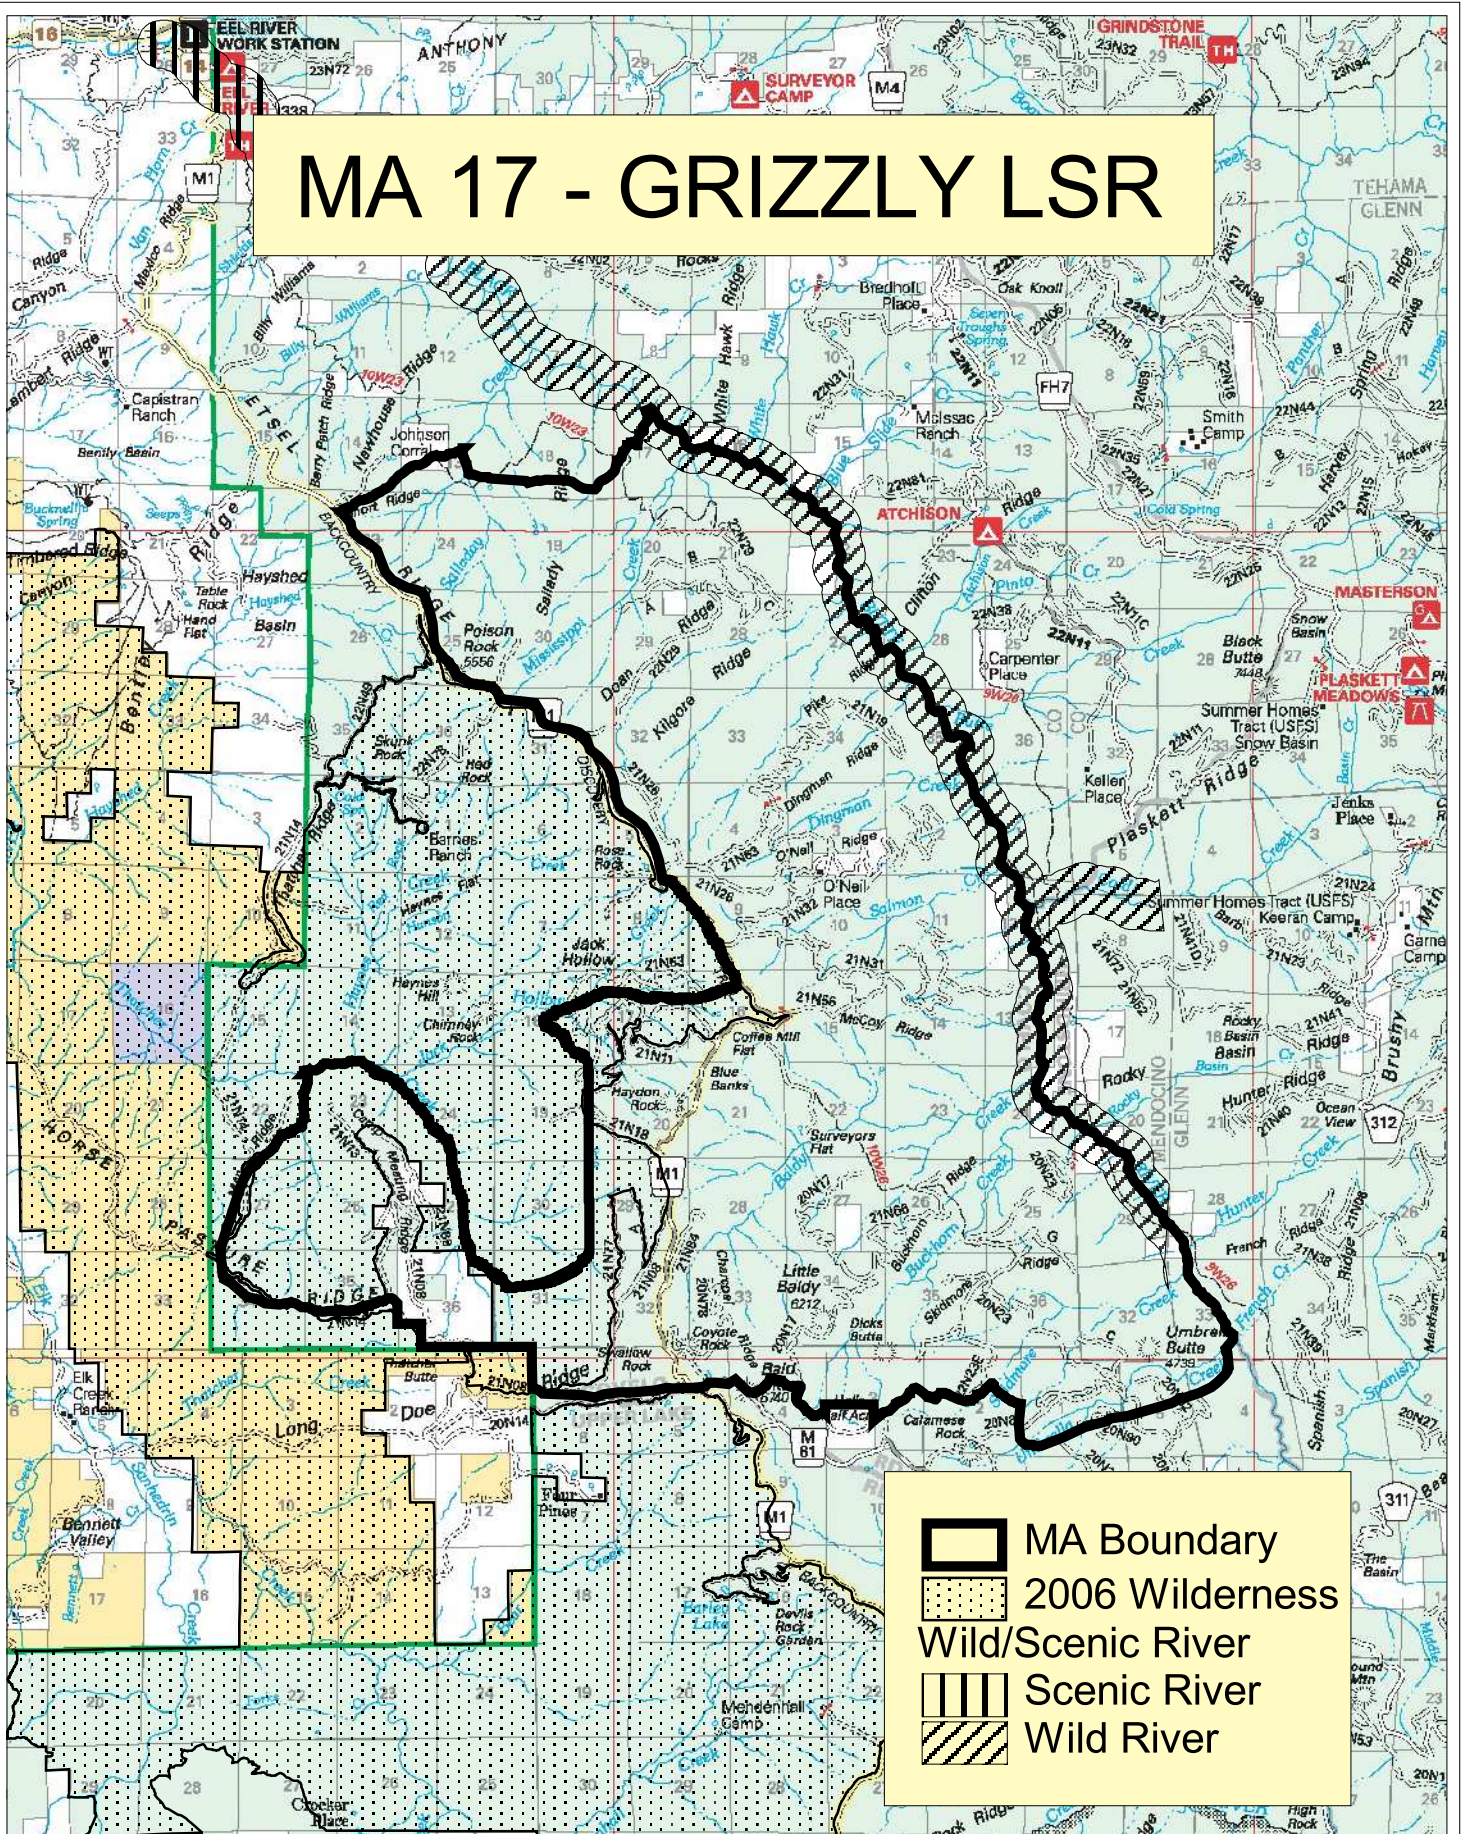

- 21N14, on Horse Pasture and Old Man Ridges

The fact that nonwilderness activities or uses can be seen or heard from areas within wilderness areas designated by the 2006 Act does not preclude the conduct of those activities or uses outside the wilderness boundary [Sec. 4(l)(2)].

Apply management direction from Prescription 10 – Wild and Scenic Rivers to portions of this management area that are within the “Wild” corridor that was established by the 2006 Act.

Existing Management Area direction still applies in the new Wild and Scenic portions, except where it conflicts with direction from Prescription 10.

MA 17 - GRIZZLY LSR

Amendment #2007-01
