Hoosier National Forest
Administrative Correction 7
September 2007

Addition to Table of Contents

Administrative corrections are defined at 36 CFR 219.31 and may be made at any time and are not plan amendments or revisions, and do not require public notice of the preparation of an environmental document under Forest Service NEPA procedures.

Administrative corrections include the following:
(1) Corrections and updates of data and maps,
(2) Updates to activity lists and schedules required by 36 CFR 219.30(d)(1)-(6);
(3) Corrections of typographical errors or other non-substantive changes; and
(4) Changes in the monitoring methods other than those required in a monitoring strategy (36 CFR 219.11 (c)).

The following page updates the List of Administrative Corrections and List of Forest Plan Amendments to be included in employee copies of the Hoosier National Forest Land and Resource Management Plan. The page should be inserted at the end of the Table of Contents. All corrections should be printed on salmon colored paper. This correction entirely replaces the previous version.
