3N46	Big Bar SW	T3N R7E Sec 11, 13, 14, 22, 23, 24	Route appears on maps but is not open on ground. This is an old fire trail and is very steep, even for motorcycles and ATV's. Route traverses two private parcels. Public access through private parcels is not consistent with private uses on the parcels. Route is also within Pattison Peak Roadless Area.	Rd 3N46 is a short base 4WD road, exercise caution. The Forest Service has no authority to designate routes across private land without a legal public Right of Way (ROW). Please respect the rights of private landowners.
