

FOR IMMEDIATE RELEASE
August 12, 2004

MALHEUR NF CABIN RENTALS GO ONLINE

Beginning August 18, reservations for cabin rentals on the Malheur National Forest can be made on line through the National Recreation Reservation Service (NRRS) according to Jennifer Harris, Recreation Staff Officer. Reservations for these popular overnight accommodations will not be taken at the local Forest Headquarters.

“Being able to make reservations via the website or a toll free number will be much more convenient,” noted Harris. “People will be able to check for available dates and complete their transaction any time they want to, use a credit card if they choose, and information about our three recreation rentals will be more available to a wider group of potential visitors to our area.”

The three recreation rentals on the Malheur National Forest include Deer Creek Guard Station, Murderers Creek Guard Station and the Fall Mountain Lookout. Reservations can be made by contacting the National Recreation Reservation Service at www.reserveusa.com or by calling 1-877-444-6777 toll free or 1-877-833-6777 for TDD calls.
