

FIRE INFORMATION

Jenkins Hollow Fire

Date: April 10, 2010 8:00 P.M. and Final Update
for Jenkins Hollow

Unit: Watauga Ranger District

Fire Information Phone: 423-309-7920

Fire Location:

- Jenkins Hollow Fire in Carter County west of Hampton TN on Jenkins Mountain

Resources:

- Bulldozer, two engines, two smoke jumper modules, 11 person crew, helicopter

Estimated Acres burned and contained:

- Estimated acres burned: 689 acres Estimated Size at containment: 886 acres 100 % Contained – Not Controlled

Threats/Concerns:

Fire lines have been constructed and strengthened around nearby structures. Fire in close proximity to these areas will continue to be monitored, however, the threat is minimal.

Remarks:

The cause of the Jenkins Hollow fire is under investigation. The rain on Thursday did not extinguish all flames. The fire will smolder until fuels dry out again, then continue to burn. If this occurs, burn out operations may resume. You can expect to see fire in unburned areas within containment lines until fuels are consumed.
