

**Francis Marion and Sumter National Forest
 Appeal:10-08-12-0002 Friends of the Upper Chattooga**

Numbered Item in Appeal	Issue or Sub issue	Alleged Violation of Law, Regulation, or Policy	Record Citation
1	The Friends urge the following language changes be made to the appendix for each decision: Above the Highway 28 bridge, boating on the main stem of the Chattooga Wild and Scenic River or its tributaries is not allowed, except on the main stem of the Chattooga Wild and Scenic River....	36 CFR 261.77 WSRA	INDEX 004 - 36 CFR 261.77 INDEX 221, 222.1, 222.1 & 223.1 - DN, Section 3.0 and Forest Plan Amendment, p.A-1
2	Forest Supervisor Marisue Hilliard issued Closure Order No. 02-012006 which stated that the closure order would be "in effect from February 7, 2006 through April 30.2008". The Nantahala National Forest Closure Order of February 7, 2006 appears to have expired and the fact that the Amendments do not specifically close the river to boating in North Carolina, there may be a gap in the regulations.	36 CFR 261.50 (a)&(b) 36 CFR261.58(z)	INDEX 234.1 - Nantahala NF Closure Order Number 05-01-2008
