

Colburn 15

General Information *Inland, Joint and Coastal Fishing Waters.* Both the Wildlife Resources Commission and the Division of Marine Fisheries have licensing, management and regulatory authority in certain waters along the coast of North Carolina. These waters are designated as inland, joint and coastal waters. The Wildlife Resources Commission has jurisdiction in inland waters, and the Division of Marine Fisheries has jurisdiction (except that pertaining to inland game fishes) in coastal waters. Both agencies have licensing and regulatory authority in joint waters.

The boundaries between inland, joint and coastal fishing waters are prominently marked with metal signs posted adjacent to the affected waters. Lists of these waters, with their boundaries indicated, are available from the Wildlife Resources Commission, 1721 Mail Service Center, Raleigh, NC 27699-1721 (www.ncwildlife.org; see Fishing—Publications—Coastal, Joint and Inland Fishing Waters Designations in N.C.), or from the Division of Marine Fisheries, P.O. Box 769, Morehead City, NC 28557 (www.ncdmf.net; see Quick Links—Maps to Download).

SPECIAL REGULATIONS FOR JOINT FISHING WATERS

- It is unlawful to possess striped bass or striped bass hybrids less than 18 inches in length.
- It is unlawful to possess striped bass or striped bass hybrids between 22 and 27 inches in length in the joint waters of the Central-Southern Striped Bass Management Area.
- It is unlawful to possess striped bass or striped bass hybrids May through September in the joint waters of the Central-Southern and Albemarle Sound Striped Bass Management Areas.
- It is unlawful to possess striped bass or striped bass hybrids in the joint waters of the Cape Fear River.
- It is unlawful to possess more than one daily creel limit of striped bass or striped bass hybrids, in combination, per person per day, regardless of the number of management areas fished.
- It is unlawful to possess striped bass or striped bass hybrids that are not in agreement with size and creel limits of the waters being fished, regardless of other management areas that may have been fished that day.
- It is unlawful to net fish for striped bass or their hybrids in joint waters except as authorized by rules of the Marine Fisheries Commission.
- It is unlawful to use seines, gill nets or trawl nets in the Lake Mattamuskeet canals.
- It is unlawful to use any net, net stakes, or electrical fishing device within 800 feet downstream of the dam at Lock No. 1 on the Cape Fear River.
- It is unlawful to possess more than 10 American or hickory shad in aggregate, per person per day, taken by hook-and-line.

Otherwise, in joint fishing waters, commercial fishing and licensing—including commercial trotlines—are subject to the coastal fishing laws and regulations; inland game fish and hook-and-line licensing—exclusive of commercial trotlines—are subject to the inland fishing laws and regulations.

How to Measure Inland Game Fish The harvest of several game fishes is regulated by length limits. Fish length is determined by measuring along a straight line (in other words, not along the curvature of the body) the distance from the tip of the closed mouth to the tip of the compressed caudal (tail) fin.

INLAND GAME FISH

The following fishes are designated as inland game fish:

- Black bass (largemouth, smallmouth and spotted)
- Crappie (white and black)
- Sunfish
 - Bluegill
 - Redbreast sunfish (robin)
 - Redear sunfish (shellcracker)
 - Pumpkinseed
 - Warmouth
 - Green sunfish
 - Roanoke bass
 - Rock bass
 - Flier
 - All other species of the family *Centrarchidae*
- Mountain trout (including but not limited to brook, brown and rainbow trout)
- Kokanee salmon
- Walleye
- Sauger
- Pickerel, chain (jack) and redbfin
- Muskellunge
- White bass
- Bodie bass (striped bass x white bass)
- Striped bass, in inland waters
- Shad, American and hickory, in inland waters
- White perch, in inland waters
- Yellow perch, in inland waters
- All other species of perch and pickerel
- Spotted sea trout, in inland waters
- Flounder, in inland waters
- Red drum (channel bass, red fish and puppy drum), in inland waters

GENERAL REGULATIONS FOR INLAND GAME FISH

Purchase and Sale

- The purchase and sale of inland game fish are unlawful, except from and by licensed commercial trout ponds and fish propagators.

Spawning Areas

- Fishing is prohibited from Feb. 15 through April 15 in the Linville River from the mouth, as marked at Lake James, upstream to the N.C. 126 bridge.

Manner of Taking

- Inland game fish may be taken only with a hook and line.
- Landing nets may be used to land fishes caught on a hook and line.
- It is unlawful to snag fish by pulling or jerking a device equipped with one or more hooks through the water for the purpose of impaling fish.
- American and hickory shad may be taken with bow nets from March 1 through April 30.

- In the inland waters of the Roanoke River upstream of the U.S. 258 bridge, only a single barbless hook or a lure with a single barbless hook may be used from April 1 to June 30. "Barbless" means that the hook either does not have a barb or that the barb is bent down.

Using Trotlines, Set-hooks and Jug-hooks

- Trotlines, set-hooks and jug-hooks may be fished under any license that authorizes basic fishing privileges.
- It is unlawful to use live bait with trotlines, set-hooks or jug-hooks.
- Trotlines (a line with multiple hooks) must be set parallel to the nearest shore in all public waters, where their use is authorized.
- Each trotline, set-hook and jug-hook shall have attached the name and address of the user legibly inscribed.
- Each trotline shall be conspicuously marked at each end, and each set-hook shall be conspicuously marked at one end with a prominent flag or floating object.
- Metal cans and glass containers cannot be used as markers.

- The number of jug-hooks that may be fished is limited to 70 per boat.
- Trotlines, throwlines, set-hooks and jug-hooks must be fished daily, and all fish must be removed daily.
- Untended trotlines, set-hooks and jug-hooks, as evidenced by the absence of bait, may be removed from the water by wildlife enforcement officers.

Exceptions

- No trotlines or set-hooks may be used in the impounded waters of Sandhills Game Land, in designated Public Mountain Trout Waters, or in Cheoah Lake.
- In Lake Waccamaw it is unlawful to use trotlines or set-hooks from May 1–Sept. 30.

State Fish Hatcheries

- It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road) with the following exception:
 - McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.

Seasons There are no closed seasons on inland game fishes with the following exceptions:

1. In designated Hatchery-Supported Trout Waters, where the season for all fishes is closed and fishing is prohibited from March 1–April 2, 2010. This closed season for fishing does not apply to power supply lakes or municipal water supply lakes.

REGULATIONS FOR WARMWATER GAME FISH

State waters are classified as: inland, joint and coastal (see “General Information” on page 16). These state waters are collectively referred to as public fishing waters. Certain fishes, including largemouth bass, crappie and mountain trout are designated inland

game fish and under the jurisdiction of the Wildlife Resources Commission in all public waters; whereas, some species, including striped bass, white and yellow perch, flounder and red drum, are designated as inland game fish only in inland waters (see list on page 16).

REGULATIONS FOR MOUNTAIN TROUT

Brook, brown and rainbow trout require cold, clean water and are therefore generally restricted to mountain streams and lakes. Those mountain waters that support trout and are open to public fishing are designated as “Public Mountain Trout Waters” by the Wildlife Resources Commission and are managed for public trout fishing. A significant amount of trout fishing opportunities in western North Carolina are located on private property. These landowners have generously allowed for public access for fishing. Please respect their property. Your cooperation is needed to protect fishing opportunities for future generations. The Commission conspicuously marks Designated Public Mountain Trout

Waters with regulation signs that indicate locations for public access. When anglers encounter “posted against trespass” signs along these designated sections on private lands, they should respect the property owner’s rights and chose another location along that stream to fish. Maps of trout water and their classifications may be viewed at www.ncwildlife.org under the link for *regulations – fishing – mountain trout*.

Designated Public Mountain Trout Waters Designated Public Mountain Trout Waters are classified for management purposes as either “Hatchery-Supported Trout Waters” or “Wild Trout Waters.” Hatchery-Supported Trout Waters must be stocked periodically with trout to sustain angling. Wild Trout

Waters are high-quality waters that sustain trout populations by natural reproduction. Some Designated Public Mountain Trout Waters are specially regulated to meet specific management objectives. These are further classified as follows:

- “Catch and Release/Artificial Lures Only,”
- “Catch and Release/Artificial Flies Only,”
- “Wild Trout/Natural Bait,”
- “Delayed-Harvest Trout Waters,”
- or “Special Regulation Trout Waters.”
- Some of these public trout waters are also classified as Mountain Heritage Trout Waters and are identified on page 26.

Fishing in Designated Public Mountain Trout Waters

- Fishing is limited to hook and line only.
- An **artificial lure** is defined as a fishing lure that neither contains nor has been treated with any substance that attracts fish by the sense of taste or smell.
- **Natural bait** is defined as any living or dead organism (plant or animal), or parts thereof, or prepared substances designed to attract fish by the sense of taste or smell.
- It is unlawful to take fish bait or bait fish from designated Public Mountain Trout Waters.
- It is unlawful to possess natural bait while fishing Wild Trout and Catch-and-Release waters, unless those waters are also specifically classified for use of natural bait.
- Dropper flies may be used when fishing any Designated Public Mountain Trout Waters.
- It is unlawful to fish with more than one line per person, except on power reservoirs and city water supply reservoirs.
- There is no closed season for fishing on power reservoirs and city water supply reservoirs designated as trout waters.
- Non-trout species may be harvested from Delayed-Harvest Trout Waters during the catch-and-release only trout season under applicable size and creel limits.
- It is unlawful to place hatchery-reared fish into a Wild Trout Water or move wild fish from one stream to another on game lands without prior written authorization.
- Information and regulations about trout fishing on game lands are listed on pages 26–27.

Trout Fishing in Undesignated Waters Some waters that are not Designated Public Mountain Trout Waters (as identified above) contain mountain trout. When fishing in these undesignated waters, the trout fishing regulations are the same as for Hatchery-Supported Trout Waters except that the trout fishing license is not required to fish undesignated waters, and there is no closed season for fishing. However, trout may not be possessed or retained in the creel when fishing undesignated waters during the closed season for Hatchery-Supported Trout Waters.

Hatchery-Supported Trout Waters There are approximately 1,100 miles of Hatchery-Supported Trout Waters in North Carolina. In hatchery-supported waters there is no size limit or bait restriction, and the creel limit is seven trout per day. Hatchery-Supported Trout Waters are marked with green-and-white signs that are posted conspicuously along the watercourses. The following waters are classified as Hatchery-Supported Trout Waters (**streams that are underlined are stocked with catchable-size trout at frequent intervals during the months of March through August**):

Fishing on Game Lands

- A game lands license is not required to fish in any waters on game lands.
- All game lands are open to public fishing with the following exceptions:
 - Restocked ponds when posted against fishing.
 - Grogan Creek in Transylvania County, which serves as a fish hatchery and water supply.
 - Hunting Creek Swamp Waterfowl Refuge in Davie County.
 - Private ponds where fishing may be prohibited by property owners.
- In all game lands ponds, forked-tail catfish may be taken only

by hook and line, and the daily creel limit is six catfish for all species combined.

- The use of special fishing devices, including crab pots, is prohibited in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with bow and arrow (except crossbows) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land and designated Public Mountain Trout Waters.
- Blue crabs may be taken recreationally from designated waterfowl impoundments on game lands with hand-held lines with single baits and a collapsible crab trap with a maximum opening of 18 inches. The limit is 50 crabs per person per day or 100 per vessel per day with a minimum carapace width of five inches (point to point).

Trout Fishing on Game Lands

- Fishing hours in any trout waters located on game lands or in any Wild Trout Waters are from 30 minutes before sunrise to 30 minutes after sunset, except in the Nantahala River downstream from the Swain County line and in the sections of Green River in Polk County located on Green River Game Land from the mouth of Cove Creek downstream to **the natural gas pipeline crossing**, where night fishing is allowed.

All waters on the game lands listed below are designated Public Mountain Trout Waters and are classified as Wild Trout Waters, except as noted:

- Three Top Mountain Game Land in Ashe Co.
- Nantahala National Forest Game Land in Cherokee, Clay, Graham, Jackson, Macon, Swain and Transylvania counties, except Cheoah River downstream of Santeetlah Reservoir and Cherokee Lake.
- Pisgah National Forest Game Land in Avery, Buncombe, Burke, Caldwell, Haywood, Henderson, Madison, McDowell, Mitchell, Transylvania and Yancey counties, except Grogan Creek, North Fork Catawba River downstream of the mouth of Armstrong Creek, Big Laurel Creek downstream from the U.S. 25-70 bridge to the French Broad River, Mill Ridge Pond, Nolichucky River, and Pigeon River downstream of Waterville Reservoir to the Tennessee state line.
- Dupont State Forest Game Land in Henderson and Transylvania counties, except Little River from **100 yards downstream of Hooker Falls** downstream to the Dupont State Forest boundary, Lake Imaging, Lake Dense, Lake Alfred, Lake Julia, and Fawn Lake.
- Thurmond Chatham Game Land in Wilkes Co.
- Toxaway Game Land in Transylvania Co.
- South Mountains Game Land in Cleveland and Rutherford counties.
- Cold Mountain Game Land in Haywood Co., except West Fork Pigeon River below Lake Logan.
- **Green River Game Land in Henderson and Polk counties, excluding Green River downstream of the natural pipeline crossing.**

Blue Ridge Parkway The National Park Service establishes fishing regulations for parkway waters. Several ponds and streams on the Blue Ridge Parkway offer trout, smallmouth bass or bream fishing opportunities. Trout fishing regulations on parkway waters are displayed on signs located near fishing access points. Questions regarding fishing on parkway waters should be directed to the Blue Ridge Parkway using the contact information below.

A valid North Carolina or Virginia fishing license is required for all persons age 16 or older fishing on parkway waters. Either state's license is valid on all parkway waters. Special trout licenses are not required.

For specific fishing information in Blue Ridge Parkway waters, contact: Blue Ridge Parkway, 199 Hemphill Knob Road, Asheville, NC 28803. Telephone: (828) 271-4779, Ext. 245.

DuPont State Forest Night fishing is prohibited from 30 minutes after sunset to 30 minutes before sunrise in all waters on the DuPont State Forest Game Land.

North Carolina State Parks South Mountains State Park in Burke County, Stone Mountain State Park in Wilkes and Alleghany counties and Gorges State Park in Transylvania County offer many miles of trout fishing waters. As established by the Wildlife Resources Commission for other trout streams, a valid trout license and a valid North Carolina inland fishing license are requirements in state park inland streams. A game lands license is not required. A special catch-and-release stream is located in Stone Mountain State Park with additional regulations. The possession of any type of firearms, explosives, bows and arrows, or alcoholic beverages within state parks is unlawful. Park entrance gates are opened and closed daily according to the following schedule:

November, December, January, February	8 a.m. – 6 p.m.
March, October	8 a.m. – 7 p.m.
April, May, September	8 a.m. – 8 p.m.
June, July, August	8 a.m. – 9 p.m.

Additional information may be obtained by contacting the following park offices:

- South Mountains State Park** (828) 433-4772
- Stone Mountain State Park** (336) 957-8185
- Gorges State Park** (828) 966-9099

NONGAME FISH

Any fish not classified as a game fish is considered a nongame fish when found in inland fishing waters and includes shellfish and crustaceans.

Sale of Nongame Fish

- Nongame fish caught on hook and line or by grabbling may be sold without restriction, except as follows:
- When nongame fish are taken for the purpose of sale by means other than hook and line or by grabbling, a special fishing device license is required (see "Special Fishing Devices," page 29).
- Bowfin taken by any method in inland waters may not be sold.
- Blueback herring and alewife taken by any method in inland waters may not be sold, except for those fish less than six inches in length that are taken from Kerr Reservoir (Granville, Vance, and Warren counties).

Manner of Taking Nongame Fish

- Nongame fish may be taken by hook and line or by grabbling; no fish may be taken by snagging. Special devices may be used to take nongame fish with proper licenses (see "Collecting Nongame Fish for Bait," page 28 and "Special Fishing Devices," page 29).
- Nongame fish may be taken year-round with bow and arrow in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land and designated Public Mountain Trout Waters.
- Nongame fishes may be taken with bow and arrow under any license that authorizes basic hunting or inland fishing privileges subject to "Miscellaneous Prohibitions" (see page 32).
- It is unlawful to fish with a crossbow, except for disabled persons possessing a valid crossbow hunting permit.
- For special rules governing trotlines, see "Using Trotlines, Set-hooks and Jug-hooks" (page 17).

- Crab pots and baited long lines are special fishing devices that may not be used in inland fishing waters or in designated waterfowl impoundments located on game lands. Exception: Persons owning property adjacent to the inland fishing waters of coastal rivers and their tributaries may set two crab pots attached to their property and a special device license is not required.

Hook-and-Line Regulations for Nongame Fish

- * Season: Year-round
- * Minimum size limit: None
- * Daily creel limit: None

The following exceptions apply:

- The daily creel limit on channel, white and blue catfish (forked-tail catfish) is six fish in the following waters:

- *Use of gasoline engines to power boats is prohibited.
- In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.
- There is no open season for sturgeon. Any sturgeon caught must be immediately released.
- The minimum size limit for American eel is six inches, and the possession limit is 50 fish.
- Blue crabs taken by hook and line from inland fishing waters or in designated waterfowl impoundments located on game lands must have a minimum carapace width of five inches (point to point). The daily limit is 50 crabs per person or 100 per vessel per day.
- No person shall take or possess herring (alewife and blueback) greater than six inches in length from the inland fishing waters of coastal rivers and their tributaries up to the first impoundment of the main course on the river (listed below), the Lumber River including Drowning Creek, and in all other inland fishing waters east of Interstate 95.
 - Roanoke River – Roanoke Rapids Dam
 - Tar River – Rocky Mount Mill Dam
 - Neuse River – Milburnie Dam
 - Cape Fear River – Buckhorn Dam
 - Waccamaw River – Lake Waccamaw Dam
 - Pee-Dee River – Blewett Falls Dam

- Grass carp may not be possessed on Lake James, Lookout Shoals Lake, Lake Norman, Mountain Island Reservoir, **Lake Wylie**, Lake Gaston and Roanoke Rapids Reservoir, except that **one** fish per day may be taken by bow and arrow.
- In designated Public Mountain Trout Waters, the season shall be the same as the trout-fishing season.
- Information and regulations about fishing on game lands are listed on pages 26–27.

Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption

- Nongame fishes, crustaceans (crayfish and blue crabs), and mollusks taken for bait or personal consumption may not be sold.
 - Nongame fishes, crustaceans, and mollusks may be taken for bait or personal consumption only with the equipment listed below, and an appropriate inland fishing license is required. (See Regulations for Taking and Sale of Nongame Fish on pages 27–28 and other nongame regulations on page 36 for more information).
 1. A dip net not greater than six feet across.
 2. A seine not greater than 12 feet in length with a bar mesh measure of not more than 1/4 inch.

Exception: In Lake Waccamaw any length seine may be used to collect bait fishes.

 3. A cast net.
 4. Minnow traps under immediate control and attendance of the operator and not exceeding 12 inches in diameter, with funnel openings not exceeding 1 inch in diameter.
 5. Hand-held lines with single baits attached to each.
 6. A collapsible crab trap with the largest opening not greater than 18 inches and which, by design, collapses at all times when in the water, except when being retrieved or lowered to the bottom.
 - The daily creel limit is 200 nongame fish, crayfish, and mollusks, in combination, subject to the following restrictions:
 1. No more than 50 eels, none of which may be less than six inches in length
 2. No herring (alewife and blueback) greater than six inches in length may be taken or possessed from the inland fishing waters of coastal rivers and their tributaries up to the first impoundment dam on the main course of the rivers (listed above), the Lumber River including Drowning Creek, and all other public waters east of Interstate 95.
 3. No more than 50 crabs per person per day or 100 per vessel per day with a minimum carapace width of five inches (point to point) from inland fishing waters or in designated waterfowl impoundments located on game lands.
 4. In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.
 - Any fish taken for bait purposes are included in the daily possession limit for that species (where such a limit is specified).
 - Nongame fish may not be taken for bait from Bear Creek and Rocky River, Chatham County; Fork Creek, Randolph County; Deep River below Coleridge Dam, Randolph County; and those portions of Deep River in Moore, Chatham and Lee counties.
 - Game fish incidentally taken with nets or traps, while capturing bait, must not be harmed and must be released immediately.
- Taking Freshwater Mussels**
- Freshwater mussels, including the Asiatic clam (*Corbicula fluminea*), may only be taken from impounded waters, except mussels shall not be taken in Lake Waccamaw and in University Lake (Orange County).
 - The daily possession limit for freshwater mussels, including the Asiatic clam (*Corbicula fluminea*), is 200.

Special Fishing Devices

- Special fishing devices, which may be licensed for the taking of nongame fishes, include the following: bow and arrow (except crossbows), seines, cast nets, gill nets, dip nets, bow nets, reels, gigs, spear guns, baskets, fish pots, eel pots, traps (excluding crab traps and automobile tires), and hand-crank electrofishers where authorized by local law.
- Special fishing devices may only be used in waters having designated seasons. See list (by county) under “Seasons and Waters” on pages 29–32.
- A noncommercial special device license is valid when no more than three special devices, regardless of type, are used.
- A commercial special device license is required when four or more special devices, regardless of type, are used.
- Hand-crank electrofishers are any manually operated device capable of generating a low-voltage electrical current, not to exceed 300 volts, for the taking of catfish.

Term and Use of Special Device Licenses

- The license is valid during a license year (12 months from date of purchase).
- Each user of a special device must have his own license in possession, except that a bow net or dip net may be used by another person who has the owner’s license in his possession.
- Only the principal owner or operator must be licensed when drag seines are used at inland beaches to take mullet.
- Nongame fishes may be taken with bow and arrow under any license that authorizes basic hunting or fishing privileges.

Netting Restrictions

- Except as specified below, stationary nets must not exceed 100 yards in length and must be spaced at least 50 yards apart.
- “Attendance” requires that a fisherman be within 100 yards of his net at all times.
- Stationary nets must run parallel to the nearest shoreline.
- Anchored, fixed or drift gill nets must be marked at each end with two separate yellow buoys, which shall be of solid foam or other solid buoyant material no less than five inches in their smallest dimension. Buoys on each of the nets shall be marked (by engraving buoys or attaching engraved metal or plastic tags) with one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name or owner’s last name and initials.
- No wires or ropes associated with a special fishing device may extend across any navigable watercourse.

Fish-Trap Restrictions

- A fish trap may be no more than 60 inches in length and no more than 30 inches in depth or width.
- No lead nets, wing nets or other devices may be attached to the trap nor used within 25 feet of the trap.
- Such devices, when set and left unattended, shall be affixed with a card or tag furnished by the license-holder and upon which his name and address shall be legibly inscribed.
- Each pot must be marked by attaching a floating buoy, which shall be of solid foam or other solid buoyant material and no less than five inches in diameter and no less than five inches in length. Buoys may be of any color except yellow. The owner shall always be identified on the attached buoy by using engraved buoys or by engraved metal or plastic tags attached to the buoy. Such identification shall include one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name, or owner’s last name and initials.

Exception: An angler with a valid inland fishing license may use up to two eel pots to take eels for bait without a special fishing device license.

Seasons and Waters

- There is no open season for sturgeon. Any sturgeon caught must be immediately released.
- No river herring greater than six inches in length may be taken or possessed from inland fishing waters of coastal rivers and their tributaries, up to the first impoundment of the main course of the river (listed on page 28), the Lumber River, including Drowning Creek, and all other public waters east of Interstate 95.
- In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.
- No special fishing devices, including crab pots, may be used in designated waterfowl impoundments located on game lands. **Exception:** Nongame fish may be taken year-round with bow and arrow from waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, designated Public Mountain Trout Waters, or waters subject to Miscellaneous Prohibitions (see pages 32–33).
- Seasons and waters, in which use of special devices other than bow and arrow is authorized, are indicated by the following counties:
 - Alamance:** July 1 – Aug. 31 with seines in Alamance Creek below N.C. 49 bridge and Haw River. July 1 – June 30 with gigs in all public waters.
 - Alexander:** July 1 – June 30 with traps and gigs in all public waters; and with spear guns in Lake Hickory and Lookout Shoals Reservoir.
 - Alleghany:** July 1 – June 30 with gigs in New River, except Designated Public Mountain Trout Waters.

- Grass carp may not be possessed on Lake James, Lookout Shoals Lake, Lake Norman, Mountain Island Reservoir, **Lake Wylie**, Gaston and Roanoke Rapids reservoirs, except that **one** fish per day may be taken by bow and arrow.

FISHING ACCESS AREA REGULATIONS

It is unlawful to:

- Use any public fishing area for purposes other than fishing, except where facilities are provided and approved uses are posted. All other uses—including swimming, sunbathing on piers or decks, possessing loaded firearms, launching or mooring jet skis or boats, skiing, building fires, operating concessions or other activities not directly associated with fishing—are prohibited.
- Use gasoline motors on Lake Rim in Cumberland County, and on Newbold and Etheridge ponds in Edgecombe County.

BOATING ACCESS AREA REGULATIONS

It is unlawful to:

- Leave any vehicle, trailer, boat or other obstruction where it will impede the use of the ramp by others.
- Park any vehicles, trailer or boat anywhere on the area when the parking zone is fully occupied. This does not prohibit legal use of the ramp.
- Use the area for swimming, camping, operating concessions or for any use other than the launching and recovery of boats and parking of vehicles and boat trailers, except where facilities for a particular use are provided.
- Operate any vessel within 50 yards of the ramp at a speed greater than “No Wake” speed.
- Possess loaded firearms on the access area.
- Operate a vehicle on any boat access area in a manner so as to endanger life or property.
- Deposit any debris or refuse anywhere on the grounds of the area.
- Fail to obey any instruction or signs regulating use of the access area.
- Conduct a fishing tournament weigh-in without first obtaining a letter of authorization from the Division of Engineering Services by calling (919) 707-0150. This permit must be available for inspection by wildlife enforcement officers during the tournament.
- Park in a handicapped space without displaying a handicapped plate or sign.

HYDROELECTRIC STATION SAFETY ZONES

APPLYING FOR A FRESHWATER FISHING RECORD

The Wildlife Resources Commission maintains records for popular freshwater sport fishes caught by rod and reel or cane pole in state waters. State record fish must be weighed on scales certified by the N.C. Department of Agriculture and verified by a Wildlife Resources Commission fisheries biologist (or biologist designated by the Commission). For an application form and other requirements, visit www.ncwildlife.org and follow the link for *Fishing Programs* under the *Fishing* topic, or call the Division of Inland Fisheries at (919) 707-0220.

NORTH CAROLINA ANGLER RECOGNITION PROGRAM

Any angler who catches a fish meeting specific size requirements can apply to have the catch recognized as a "trophy" fish through the North Carolina Angler Recognition Program, or NCARP. This program provides recognition to all anglers who catch trophy-size fish that are not large enough to qualify as state record fish. In 2008, five new species were added to the list of 32 freshwater fishes eligible for NCARP certification — pumpkinseed sunfish, redbfin pickerel, kokanee salmon, bullhead catfish and freshwater drum.

Youth age 15 and younger may apply for a Youth NCARP certificate. Youth NCARP certificates are available for any fish listed below and do not have to meet any minimum length and weight requirements.
