Dear Craig,

This letter is in response to your discussion with Stan Towner (District Range Staff) concerning your request to move cattle out of the Bishop pasture and into the SA and Bastion pastures and to allow the cattle currently in the Section and Campbell pastures to remain there until 7/15/10. This amendment makes the following change to the 2010 pasture rotation for the Centerfire allotment:

Pasture	Start date	End date	Number	Allowable Use
Section/Campbell	6/15/10	7/15/10	94 head	30 %
SA/Bastion	6/15/10	7/15/10	45 head	30%

This amendment will allow Dillon West to receive an additional month rest while moving livestock out of the Bishop pasture which is currently at allowable use.

All other terms of the 2010 AOI dated January 6, 2010 still apply.

If you have any questions, please do not hesitate to contact Stan or Monte at (575) 773-4678.

Sincerely,

/s/Janice Stevenson
