

We Want Your Views on the Kern River Whitewater Boating Program

Welcome to the Kern River on the Sequoia National Forest! We are interested in obtaining your views on the whitewater boating programs on the Kern River. Whether you are a private boater, or rafting with a commercial outfitter, please take a few minutes to complete this comment form.

We have made several changes in the private boater permit system over the years and by obtaining your feedback it will give us an opportunity to learn how those changes are working. We are also interested in learning about the quality of service you received from a commercial outfitter.

Please look over the form below and give us your comments on the subjects indicated. We've tried to keep it as brief as possible. If you want to comment on something not listed, please do so. The form can be folded with the Forest Service address outward, stamped, and mailed directly to us, or you can drop it in any of the manifest boxes found along the river.

We appreciate your help and we welcome any comments you may have. We hope you had an enjoyable river experience, and will visit the Sequoia National Forest again!
