

CYRUS CANYON

OFF-HIGHWAY VEHICLE TRACK

Sequoia National Forest

Kern River Ranger District

Cyrus Canyon Off-Highway Vehicle (OHV) Track is located approximately 5 miles south of Kernville on Sierra Way, within close proximity to camping at Camp 9 Lakeside, at an elevation of 2,600 feet. This motorcross track is a great opportunity for family outings, race practice or even an organized race. It is open for use by All-Terrain Vehicle's (ATVs), QUAD'S and motorcycles. A small fenced, flat area adjacent to the parking lot provides a safe place for beginners. The main track offers a variety of challenges for more experienced riders. Steep slopes, sharp turns, jumps and hills add to the excitement of the course. **Cross country travel is prohibited.**

GREEN/RED STICKERS: A valid California green/red sticker is required on all off-road vehicles to operate on in this track. Out of state OHV's need a non-resident OHV permit if they are being used on public lands in California. Test vehicles (magazine or factory tests) must have a valid Green/red Sticker. Transportation permits do not qualify as a vehicle registration. A vehicle with just a transportation permit may not ride on public lands. Riders of new vehicles that have not received their Green Sticker from Department of Motor Vehicles must have registration papers in possession when they are riding.

NEW LAW ON GREEN STICKER PLACEMENT: Effective January 1, 1996 the required placement of the green sticker is:

Motorcycles on the left fork leg, either horizontal or vertical, visible from the left.

ATV's on the left rear quadrant on permanent plastic or metal frame members visible to outside inspection. No covering shall be used on the Green Sticker.

MUFFLERS: All vehicles require an approved muffler that does not exceed a decibel rating of 96 dbA if manufactured on or after January 1, 1986, or 101 if manufactured before January 1, 1986.

SPARK ARRESTERS: ALL OHV'S (street legal or non-street legal) must have a U.S. Forest Service approved spark arrester to ride on public land. Legal spark arresters will be stamped "U.S. FOREST SERVICE APPROVED". Modified or home made spark arresters are **NOT** acceptable.

HELMET USAGE: ALL PERSONS, REGARDLESS OF AGE, WHO OPERATE OR RIDE ALL-TERRAIN VEHICLES ON PUBLIC LANDS MUST WEAR AN APPROVED SAFETY HELMET .

PARENTAL SUPERVISION:

No person under the age of 18 shall operate an all-terrain vehicle unless that person has attended the safety course in this state or another state or is under the direct supervision of an adult who has the appropriate certification in his or her possession. (S.38503 C.V.C.)

All persons under the age of 14 must satisfy S.38503 C.V.C. and in addition be accompanied by and under the direct supervision of a parent or guardian. (S.38504 C.V.C.)
