

Apache-Sitgreaves National Forests  
 Public Meetings - Second Round Results  
 January 9-18, 2007

Results of "Dots" Exercise

	Clifton Public Meeting - 1/9/07	Alpine Public Meeting - 1/11/07	Eagar Public Meeting - 1/16/07	Heber Public Meeting - 1/17/07	Show Low Public Meeting - 1/18/07
<b>American Indian Rights &amp; Interests</b>					
Forest threats (mistletoe, fire, etc.)					
Forest users (horn hunters, poachers, etc.)					
Forest improvements (fence, roads, etc.)			1		
Forest products	5				
<b>Economics</b>		1			
Forests' contribution to the local economy	17	15.5	23	5	5
Economic effects in plan analyses and monitoring		4	1	3	3
<b>Fire Management</b>		1		1	
Build up of fuels/potential fire threat	8	8	7	2	9
Prescribed and natural fire	16	6	7	4	2
Fire protection and fuels treatment around communities	1	2	17	1	5
Protect vs. do not protect structures			1	1	
Close Forest sooner during high fire danger	1	4	4	3	7
<b>Forest Access</b>		1			
Closed roads and closure devices	3	8	3	2	

Wildlife habitat closure areas	1	2	2		
Diminished vehicle access to the Forest	3	3	3		3
Access for persons with disabilities	4		2	3	1
Retain access for various uses	26	6	56	17	25
<b>Forest Health &amp; Threats</b>		1			
Climate & drought	3	1.5	1	1	
Loss of grasslands	3	1	6		3
Fragmentation	1	1			
Insects and disease	4	1	4	3	
Noxious and invasive weeds		2	4		
Species mortality (aspen, etc.)		1	4		1
Forest is too thick and overgrown	25	13.5	16	12	9
<b>Forest Products</b>		1			
Firewood gathering.	18	2	26	1	3
Salvage dead and dying trees (spruce, etc).	12	15.5	14	7	4
Sustainable woody biomass			1		2
Stewardship projects		2	5	3	
Small sales program and logging/timber sales	6	19.5	40	10	2
<b>FS Communication &amp; Mgmt</b>					
Outreach and Education.	1		1		5
Laws (NEPA, ESA) & other mandates affect FS ability to manage	7	2.5	5	1	1
FS personnel in/on the Forest	1				
Consult/coordinate with local, State, and Federal agencies and organizations					4
FS management approaches (decisions, management styles, priorities, FS personnel actions, etc)				4	
Public involvement	7	2		1	2
Volunteers and partnerships	2	1		1	1
<b>Heritage Resources</b>					

Consider cultural, historic, and prehistoric resources	5	2			4
<b>Law Enforcement</b>					
Amount of law enforcement		5	11	2	
Garbage and littering	3	15	1	1	4
Focus law enforcement on violators	2	5	3	4	3
Supplement law enforcement	7	0.5	1	1	1
<b>Law &amp; Regulation</b>					
Laws (NEPA, ESA) & other mandates affect FS ability to manage	5	5	2	3	
Specific laws		3			
<b>Multiple Use</b>					
Multiple use management	15	20	31	7	13
Conflicts when multiple use is practiced	1	2	1		
<b>National Forest System Lands</b>					
Land exchanges	14	2	5	3	3
Special use administration	1				
Special use needs	1			1	
<b>Outdoor Recreation</b>					
<i>Developed</i>					
Recreation sites managed by concessionaire			1		
Developed recreation facilities (campsites, boating sites)		4.5			
Condition of recreation facilities					
Effects of recreation on other resources	8			1	2
No-fee campgrounds.	7	6	2		
Maps and information regarding camping areas.	1	1		1	1
<i>Dispersed</i>			4	4	
Dispersed camping opportunities	3	6	10	6	4
Effects of other management actions on dispersed camping.	1				

Effects of other management actions on game retrieval.					
undisturbed/undeveloped areas, shooting areas, watchable wildlife, scenic byway, adopt-a-trail			30	11	41
Effects of other management actions on hunting and fishing.	1	3			1
Non-motorized trails.	3	4	1	1	5
<i>Off-Highway Vehicle (OHV)</i>		3			
OHV use	8		21		11
Effects of OHV use	4	5		2	3
OHV opportunities	2	2.5			6
<b>Planning Process</b>					
Assessments and research		2	1		
Monitoring	3				2
Forest Plan Revision process	7			1	
<b>Riparian</b>					
Riparian Management	2	10	7		5
<b>Rangeland Management</b>		2			
Grazing suitability/livestock capacity	8	1		7	
Effects of livestock	8	2	2	3	1
Allotment management	6	1	2		
Grazing and the ranching lifestyle	54	10	20	9	
<b>Special Areas</b>		3			
Blue Primitive Area	12	5	5	2	1
Roadless Areas	1	5	3	2	1
Wilderness	2	4	1	2	
Wild & scenic rivers	1	4	3		
<b>Social</b>					
Increasing population and demand	1	1	1		1
Traditional use and culture	2	4	5	3	
People coming to the area cause "problems".					1

<b>Transportation System</b>					
Existing roads may be closed	6	1		3	
Amount of roads	3	3	3	10	5
Motorized opportunities	3	4	9		2
Maintenance of transportation system		1	3		
Inventory and map of transportation system					1
Effects related to transportation system		1			
<b>Vegetation/Silvicultural Treatments</b>					
Thinning	13		13	7	5
Vegetative compositions/structures	1				2
<b>Water</b>					
Effects on water rights	15		2	2	3
<b>Wildlife &amp; Fisheries</b>					
T&E (threatened and endangered) species	8		2	1	4
Fisheries	7				3
Wildlife habitat closure areas	2				
Wildlife and habitat			2	5	8
<b>OTHER</b>					
Forest Access - Trails		11.5			
Forest Access - Correct Numbering/Naming is Unified		1			
Watershed Development via Thinning					
Hunting				4	
Horses on forest Land				5	
Continue Hunting					17
Maintain/Improve Designated Trail System Areas (e.g. TRACKS)					8
Cross-Country Travel					7
Individual Camping Areas					4
Limit Land Exchanges & Sales					1

Apache-Sitgreaves National Forests  
Public Meetings - Second Round Results

Listing of Group Exercise Discussion Topics

Clifton Public Meeting - 1/9/07

Group 1	Group 2	Group 3	Group 4	Group 5
Rangeland	Rangeland Management	Grazing	Grazing/Ranching	Riparian
Access to NF	Retain access for emergency use, dispersed camping, hunting, hiking, etc.	Recreation & Retaining Access		Forest Contribution to Economics
Forest health - vegetation removal	Fire management - need for fire protection and fuel treatment around communities.	Economics		Loss of Grasslands to Forest/Shrubland

Alpine Public Meeting - 1/11/07

Group 1	Group 2	Group 3	Group 4	Group 5
Excess Forest Fuels	Fire Management	Dispersed Camping/Travel	Recreation - Dispersed & Developed Camping	Managed Multiple Use
Maintain Multiple Uses	Economics	Multiple Use	Access/Roads/Transportation	Local Economic Uses
Retain Existing Access		Community Protection & Fire Management	Forest Health/Watershed/Logging/Grazing/Fishes	Water

Eagar Public Meeting - 1/16/07

Group 1	Group 2	Group 3	Group 4	Group 5
Access	Multiple Uses	Forest Access	Multiple Use with Adaptive Management	Multiple Use
Forest Health	Fire Management	Remove restrictions on historic uses	Forest Thinning	Economic Impact on Communities
Inform the Forest Service that all of these issues are inter-dependent	Water	Take back Historic "Multiple Use" Concepts	Recreation	
		No Land Exchanges		

Heber Public Meeting - 1/17/07

Group 1	Group 2	Group 3
Access - OHV use	Forest Access	Law Enforcement
Forest Health/Management/Logging/Thinning /Grazing	Multiple Uses	Wild Horse Management
Manage for Multiple Uses	Manage the Wild Horses per Law	Impacts From Loss of Cross Country Travel
	Forest Health/Thinning/Grazing/Science	Multiple Use/Thinning/Logging/Access/Rec.

Show Low Public Meeting - 1/18/07

Group 1	Group 2	Group 3	Group 4
Shooting Range Needed	Want Shooting Range on FS Land	Managed Recreational Access	Shooting Range
Loss of Motorized Cross-Country Travel	Multiple Uses	Forest Health/Natural Fire	Forest Service Communications
Effective Utilization of Forest Products	Forest Resources/Management	Forest Service Flexibility	Multiple Land Use & Access
Loss of OHV Trails - Specifically Quads	Need to Consult/Coordinate With Other Federal/State/Local Agencies		
Multiple Use			
Snowmobile Opportunities			

**Apache-Sitgreaves National Forests  
Public Meetings - Second Round Results  
Listing of All Comments Received at Meetings**

Location	Category	Comment
Clifton Public Meeting - 1/9/07	OHV Use	Limit
Clifton Public Meeting - 1/9/07	OHV Use	Bad News
Clifton Public Meeting - 1/9/07	Riparian Management	ruined areas by over protection
Clifton Public Meeting - 1/9/07	Grazing and the Ranching Lifestyle	our lifestyle
Clifton Public Meeting - 1/9/07	Land Exchanges	no more leave out taxes in our county
Clifton Public Meeting - 1/9/07	Land Exchanges	keep land exchange in our county
Clifton Public Meeting - 1/9/07	Multiple Use Management	we do a good job, give us credit.
Clifton Public Meeting - 1/9/07	Consider Cultural, Historic, and Prehistoric Resources	ranchers.
Clifton Public Meeting - 1/9/07	Public Involvement	pay attention to what we are telling you, we are on the ground.
Clifton Public Meeting - 1/9/07	FS Personnel In/On the Forest	need more.
Clifton Public Meeting - 1/9/07	Build up of Fuels/Potential Fire Threat	Forest already mis managed.
Clifton Public Meeting - 1/9/07	Build up of Fuels/Potential Fire Threat	need more logging.
Clifton Public Meeting - 1/9/07	Prescribed and Natural Fire	steep inaccessible areas not sure.
Clifton Public Meeting - 1/9/07	Wildlife Habitat Closure Areas	need more
Clifton Public Meeting - 1/9/07	Diminished Vehicle Access to the Forest	need more access
Clifton Public Meeting - 1/9/07	Diminished Vehicle Access to the Forest	open
Clifton Public Meeting - 1/9/07	Retain Access for Various Uses	access to in holdings
Clifton Public Meeting - 1/9/07	Retain Access for Various Uses	I need a road I can go on when there is a fire. We only have one way in and out.
Clifton Public Meeting - 1/9/07	Retain Access for Various Uses	Retain existing roads & trails maintained or not. Close nothing.
Clifton Public Meeting - 1/9/07	Climate & Drought	need to be able to improve water.
Clifton Public Meeting - 1/9/07	Forest is Too Thick & Overgrown	My cow is a fire fitter she can eat grass so fire can't get big head of steam. She also is a farmer and she plants seed and cultivates the soil.
Clifton Public Meeting - 1/9/07	Roadless Areas	none
Clifton Public Meeting - 1/9/07	Wilderness	do not need a wilderness.
Clifton Public Meeting - 1/9/07	Wilderness	none
Clifton Public Meeting - 1/9/07	Existing Roads May be Closed	I need a way in & out of my ranch besides the one we have which isn't maintained.
Clifton Public Meeting - 1/9/07	T&E Species	and wolf and owl and all the <unreadable>
Clifton Public Meeting - 1/9/07	Wildlife Habitat Closure Areas	we don't need these - the animals will exist as always - yes yes yes
Clifton Public Meeting - 1/9/07	Rangeland	allotment management, flexibility, riparian,
Clifton Public Meeting - 1/9/07	Forest health	vegetation removal
Clifton Public Meeting - 1/9/07	Grazing	recognize benefit of ranchers, the culture/heritage, ranchers practicing adaptive management.
Clifton Public Meeting - 1/9/07	Grazing	benefits of cattle - once cattle gone - wildlife gone, eat brush, broadcast seeds, fertilize, break ground for seed.
Clifton Public Meeting - 1/9/07	Grazing	need access to improving water - benefits wildlife and erosion
Clifton Public Meeting - 1/9/07	Grazing	predator control - wolves were nonexistent for years
Clifton Public Meeting - 1/9/07	Recreation & Retaining Access	Value in getting out away from others, want to retain access to places we've been going to for years.
Clifton Public Meeting - 1/9/07	Recreation & Retaining Access	reassess closed roads - why were they closed. Roads help with firelines, safety, firefighter access. Access for thinning and controlled burns.
Clifton Public Meeting - 1/9/07	Recreation & Retaining Access	need \$ for trails (non motorized & motorized)

Clifton Public Meeting - 1/9/07	Economics	ranching, logging recreation. Continue multiple use --> more use --> more benefits to the country (grocery, gas, ...)
Clifton Public Meeting - 1/9/07	Economics	access/egress needed in order to use Forest
Clifton Public Meeting - 1/9/07	Economics	firewood access - access down trees, small cedar
Clifton Public Meeting - 1/9/07	Rangeland Management	Recognize benefits of grazing and the ranching lifestyle
Clifton Public Meeting - 1/9/07	Rangeland Management	Taking cattle off the land affects the economy adversely
Clifton Public Meeting - 1/9/07	Rangeland Management	No cows --> dries out land which creates fire hazard
Clifton Public Meeting - 1/9/07	Rangeland Management	fires adversely affect economy
Clifton Public Meeting - 1/9/07	Rangeland Management	cows leave --> people leave which affects economy
Clifton Public Meeting - 1/9/07	Rangeland Management	causes disrespect for land when ranchers aren't involved with the land
Clifton Public Meeting - 1/9/07	Rangeland Management	need someone there to watch wildlife by providing water and salt - knows what is happening on the land.
Clifton Public Meeting - 1/9/07	Retain Access	keep it open for public use --> what is currently open - stays open
Clifton Public Meeting - 1/9/07	Retain Access	no road closures
Clifton Public Meeting - 1/9/07	Retain Access	Need to maintain trails
Clifton Public Meeting - 1/9/07	Retain Access	access for fire management
Clifton Public Meeting - 1/9/07	Retain Access	need to collaborate with other entities on access
Clifton Public Meeting - 1/9/07	Need for Fire Protection and Fuel Treatments around Communities	Always crisis management rather than pre-management
Clifton Public Meeting - 1/9/07	Need for Fire Protection and Fuel Treatments around Communities	manage prescribed burns around hunting season - ties to economy.
Clifton Public Meeting - 1/9/07	Need for Fire Protection and Fuel Treatments around Communities	need to utilize natural fire.
Clifton Public Meeting - 1/9/07	Need for Fire Protection and Fuel Treatments around Communities	use livestock for fuel treatments.
Clifton Public Meeting - 1/9/07	Riparian Management	future flooding
Clifton Public Meeting - 1/9/07	Riparian Management	what is desired condition & objectives
Clifton Public Meeting - 1/9/07	Riparian Management	use rivers by people
Clifton Public Meeting - 1/9/07	Riparian Management	T&E species can cohabitate with uses
Clifton Public Meeting - 1/9/07	Riparian Management	managing multiple use in areas.
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	timber harvest, ranching, hunting, fishing, hiking, camping, birding, photography, outfitting
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	healthy forest contributes to watershed and water quality - economics
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	maintain campgrounds better economics/jobs
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	access - National Scenic Byway, forest trails
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	access to private lands and ranch operations
Clifton Public Meeting - 1/9/07	Forest Contribution to Economics	advertise opportunities from land
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	why or how - fire suppression since 1954
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	wrong biomass growing - plants & animals
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	water use by trees/shrubs
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	loss of grazing for wildlife & livestock
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	affects watershed
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	loss of habitat of small animals (grassland sp) after fire or floods
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	increased erosion

Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	Increase in non-natives
Clifton Public Meeting - 1/9/07	Loss of Grasslands to Forest/Shrubland	harvest small diameter material - longer contracts
Clifton Public Meeting - 1/9/07	Grazing/Ranching	Fire prevention
Clifton Public Meeting - 1/9/07	Grazing/Ranching	important economic benefit to Greenlee Co.
Clifton Public Meeting - 1/9/07	Grazing/Ranching	historic use by families cuts politically motivated devastate families
Clifton Public Meeting - 1/9/07	Grazing/Ranching	lack of awareness in cities
Clifton Public Meeting - 1/9/07	Grazing/Ranching	need to educate kids
Clifton Public Meeting - 1/9/07	Grazing/Ranching	endangered species - lost jobs.
Clifton Public Meeting - 1/9/07	Grazing/Ranching	Ranching doesn't impact owls
Clifton Public Meeting - 1/9/07	Grazing/Ranching	city folks don't respect land boundaries
Clifton Public Meeting - 1/9/07	Grazing/Ranching	ranching being impacted by environmental groups - hurting producers, feedlots, farmers, truckers, etc.
Clifton Public Meeting - 1/9/07	Grazing/Ranching	grazing benefits wildlife
Clifton Public Meeting - 1/9/07	Grazing/Ranching	more animals where grazing
Clifton Public Meeting - 1/9/07	Grazing/Ranching	Loach minnow had big impact on grazing, minnow management has hurt other fish and river
Clifton Public Meeting - 1/9/07	Grazing/Ranching	no grazing - no monitoring - or one sided
Clifton Public Meeting - 1/9/07	Access	need places for folks to ride
Clifton Public Meeting - 1/9/07	Access	some folks don't care if they follow the rules
Clifton Public Meeting - 1/9/07	Access	need education of ATV owners, especially kids
Clifton Public Meeting - 1/9/07	Access	rural kids learn to respect
Clifton Public Meeting - 1/9/07	Access	old logging roads important, closing them may cause atv users to go everywhere - let them use the old roads
Clifton Public Meeting - 1/9/07	Access	National forest - people need access - don't close roads
Clifton Public Meeting - 1/9/07	Recreation - Dispersed & Developed Camping	Non-fee camping important
Clifton Public Meeting - 1/9/07	Land Exchanges	Land exchange - none in Greenlee Co. - forcing homesteads to sell off - loss of tax dollars
Clifton Public Meeting - 1/9/07	Forest is Too Thick & Overgrown	Timber harvest - forests are overstocked - loss of water, grass, more fires, loss of skills
Clifton Public Meeting - 1/9/07	Grazing/Ranching	Water rights - if take away stock tanks - no water for wildlife either
Clifton Public Meeting - 1/9/07	Grazing/Ranching	Permittees have less incentive to maintain water developments when permits cut, don't have security & stability for future.
Clifton Public Meeting - 1/9/07	Increasing population and demand	traffic on 191 going up last few years, more motorcycles, tough to graze, dangerous
Clifton Public Meeting - 1/9/07	Forest is Too Thick & Overgrown	want public to cut the excess tree rather than FS then them - firewood
Alpine Public Meeting - 1/11/07	Forests' Contribution to the Local Economy	tourism
Alpine Public Meeting - 1/11/07	Prescribed and Natural Fire	more prescribed and natural fire
Alpine Public Meeting - 1/11/07	Prescribed and Natural Fire	more
Alpine Public Meeting - 1/11/07	Closed roads and closure devices	ineffective x2
Alpine Public Meeting - 1/11/07	Closed roads and closure devices	keep closed roads closed
Alpine Public Meeting - 1/11/07	Forest Access	trails - cross country
Alpine Public Meeting - 1/11/07	Forest Access	correct numbering/naming is unified
Alpine Public Meeting - 1/11/07	Climate & drought	do we recognize global warming?
Alpine Public Meeting - 1/11/07	Forest is too Thick and Overgrown	Hannagan areas!
Alpine Public Meeting - 1/11/07	Blue Primitive Area	continue multiple use

Alpine Public Meeting - 1/11/07	Blue Primitive Area	need more primitive
Alpine Public Meeting - 1/11/07	Blue Primitive Area	Go wilderness here where we still can
Alpine Public Meeting - 1/11/07	Roadless Areas	need roadless
Alpine Public Meeting - 1/11/07	Roadless Areas	need roadless
Alpine Public Meeting - 1/11/07	Roadless Areas	less roads
Alpine Public Meeting - 1/11/07	Wilderness	need wilderness
Alpine Public Meeting - 1/11/07	Wilderness	once wilderness is gone, it can never come back
Alpine Public Meeting - 1/11/07	Wild & Scenic Rivers	protect w&s river
Alpine Public Meeting - 1/11/07	Wild & Scenic Rivers	pro w&s river
Alpine Public Meeting - 1/11/07	Wild & Scenic Rivers	keep them
Alpine Public Meeting - 1/11/07	Increasing Population and Demand	we still have an obligation to limit access & protect wilderness
Alpine Public Meeting - 1/11/07	Existing Roads May be Closed	Don't close
Alpine Public Meeting - 1/11/07	Amount of Roads	too many x 2
Alpine Public Meeting - 1/11/07	Amount of Roads	too many
Alpine Public Meeting - 1/11/07	Vegetative compositions/structures	return to as natural as possible
Alpine Public Meeting - 1/11/07	T&E Species	protect
Alpine Public Meeting - 1/11/07	Fisheries	catch & release or enforce the limits on E&W fork!
Alpine Public Meeting - 1/11/07	Fisheries	cyprinids have died on vast reaches with forced cattle removal
Alpine Public Meeting - 1/11/07	Wildlife Habitat Closure Areas	protect the wildlife
Alpine Public Meeting - 1/11/07	Wildlife and Habitat	protect the wildlife
Alpine Public Meeting - 1/11/07	Developed Recreation Facilities	Increase
Alpine Public Meeting - 1/11/07	Developed Recreation Facilities	Increase
Alpine Public Meeting - 1/11/07	Developed Recreation Facilities	Increase
Alpine Public Meeting - 1/11/07	No-fee campgrounds	Increase
Alpine Public Meeting - 1/11/07	No-fee campgrounds	Increase
Alpine Public Meeting - 1/11/07	No-fee campgrounds	(up arrow)
Alpine Public Meeting - 1/11/07	No-fee campgrounds	(up arrow)
Alpine Public Meeting - 1/11/07	Dispersed Camping Opportunities	increase
Alpine Public Meeting - 1/11/07	Non-motorized Trails	keep
Alpine Public Meeting - 1/11/07	Non-motorized Trails	more
Alpine Public Meeting - 1/11/07	Off-Highway Vehicle	eliminate
Alpine Public Meeting - 1/11/07	Off-Highway Vehicle	restrict & enforce
Alpine Public Meeting - 1/11/07	Effects of OHV Use	limit
Alpine Public Meeting - 1/11/07	Assessments & Research (Planning Process)	should be impartial
Alpine Public Meeting - 1/11/07	Riparian Management	keep the livestock out!!!
Alpine Public Meeting - 1/11/07	Riparian Management	maintain flows & native species diversity
Alpine Public Meeting - 1/11/07	Riparian Management	protect for health & biodiversity
Alpine Public Meeting - 1/11/07	Riparian Management	livestock on conserves riparian water and keeps exotic fish from infiltrating the colder water caused by channeling. Kills cyprinids.
Alpine Public Meeting - 1/11/07	Rangeland Management	all of these issues should be considered
Alpine Public Meeting - 1/11/07	Effects of Livestock Use	livestock should not be in forest
Alpine Public Meeting - 1/11/07	Allotment Management	effectively monitor
Alpine Public Meeting - 1/11/07	Grazing and the Ranching Lifestyle	effects a lot of ranching families in this area
Alpine Public Meeting - 1/11/07	Small Sales Program & Logging/Timber Sales	Monitor!
Alpine Public Meeting - 1/11/07	Amount of Law Enforcement	Need more!
Alpine Public Meeting - 1/11/07	Focus law enforcement on violators	violators of "road closed" signs
Alpine Public Meeting - 1/11/07	Focus law enforcement on violators	we need more consequences for violating laws
Alpine Public Meeting - 1/11/07	Land Exchanges	no more
Alpine Public Meeting - 1/11/07	Dispersed Camping/Travel	need opportunities
Alpine Public Meeting - 1/11/07	Dispersed Camping/Travel	need established developed campgrounds because lots of people coming to Forest
Alpine Public Meeting - 1/11/07	Dispersed Camping/Travel	need lots of dispersed camping sites

Alpine Public Meeting - 1/11/07	Dispersed Camping/Travel	too many roads (statement not mutually agreed by all members of the group), however roads that are open need dispersed camping opportunities
Alpine Public Meeting - 1/11/07	Dispersed Camping/Travel	instead of building new roads try to utilize existing
Alpine Public Meeting - 1/11/07	Multiple Use	when they can be properly utilized we should use (biomass, loggers, gatherers)
Alpine Public Meeting - 1/11/07	Multiple Use	continue multiple use on areas of Forest that are roaded, however continue to keep unroaded areas unroaded
Alpine Public Meeting - 1/11/07	Multiple Use	local decision making - utilize it
Alpine Public Meeting - 1/11/07	Multiple Use	need to issue more wood permits when Forest is accessible (weather conditions)
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	need to use prescribed fire in roadless, inaccessible areas especially Alpine RD
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	not enough progress has been made "thinning" - priority should be to treat vegetation around communities. Need more contracts (split into smaller contracts).
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	Black Mesa RD office should set better example by meeting Firewise standards
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	Need to have education program for private lands (i.e. Fire wise)
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	Need to encourage demand for small diameter wood.
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	Need to cut through the red tape (NEPA, etc)
Alpine Public Meeting - 1/11/07	Community Protection & Fire Management	Speedier process needed on salvageable material on burns to utilize wood, rehab the area. Need more uniformity (board feet, acreage ) criteria, need decisions in a timely manner.
Alpine Public Meeting - 1/11/07	Fire Management	forest health
Alpine Public Meeting - 1/11/07	Fire Management	buildup of dead materials - removal
Alpine Public Meeting - 1/11/07	Fire Management	more thinning & logging - monitor
Alpine Public Meeting - 1/11/07	Economics	local economy
Alpine Public Meeting - 1/11/07	Economics	more local input
Alpine Public Meeting - 1/11/07	Economics	balance
Alpine Public Meeting - 1/11/07	Planning Process	impartial assessments
Alpine Public Meeting - 1/11/07	Wildlife & Habitat	Threats from critical habitat designation - degradation
Alpine Public Meeting - 1/11/07	Increasing Population and Demand	A plan that focuses on the increasing population in the forest
Alpine Public Meeting - 1/11/07	Law Enforcement	Law enforcement - lack of
Alpine Public Meeting - 1/11/07	Wildlife & Habitat	wildlife management
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	dispersed - some people want to be alone (solitude)
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	dispersed - some people can't afford campgrounds
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	dispersed disperses damage
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	developed - place for families that aren't familiar with Forest
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	developed - facilities
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	developed - easier to manage
Alpine Public Meeting - 1/11/07	Recreation - Dispersed & Developed Camping	developed - large groups - minimize damages
Alpine Public Meeting - 1/11/07	Access/Roads/Transportation	dispersed use

Alpine Public Meeting - 1/11/07	Access/Roads/Transportation	search&rescue/thinning/fire access/hunting/wood cutting
Alpine Public Meeting - 1/11/07	Access/Roads/Transportation	need variety of uses (trails, etc)
Alpine Public Meeting - 1/11/07	Access/Roads/Transportation	leave open what is open
Alpine Public Meeting - 1/11/07	Forest Health/Watershed/Logging/Grazing/Fisheries	species mortality - loss of aspen
Alpine Public Meeting - 1/11/07	Forest Health/Watershed/Logging/Grazing/Fisheries	noxious weeds/invasive species (need to map these species & eradicate)
Alpine Public Meeting - 1/11/07	Forest Health/Watershed/Logging/Grazing/Fisheries	logging helps forest health & communities
Alpine Public Meeting - 1/11/07	Forest Health/Watershed/Logging/Grazing/Fisheries	people don't want to go to dead forest
Alpine Public Meeting - 1/11/07	Forest Health/Watershed/Logging/Grazing/Fisheries	may affect how you make a living
Alpine Public Meeting - 1/11/07	Communities - Economics/Lifestyle	heritage
Alpine Public Meeting - 1/11/07	Communities - Economics/Lifestyle	lifestyles are being threatened by restrictions - lawsuits
Alpine Public Meeting - 1/11/07	Communities - Economics/Lifestyle	young people aren't staying due to lack of employment, etc
Alpine Public Meeting - 1/11/07	Communities - Economics/Lifestyle	having healthy forest will draw people to area - economic growth
Alpine Public Meeting - 1/11/07	OHV Use	excess OHV use - too little enforcement
Alpine Public Meeting - 1/11/07	Riparian Management	need riparian protection from OHV
Alpine Public Meeting - 1/11/07	Dispersed Camping Opportunities	designate "dispersed" campsites
Alpine Public Meeting - 1/11/07	Excess Forest Fuels	thinning - use it all, small diameter trees
Alpine Public Meeting - 1/11/07	Excess Forest Fuels	decrease fuel loading
Alpine Public Meeting - 1/11/07	Excess Forest Fuels	encourage selective type of timber sale
Alpine Public Meeting - 1/11/07	Excess Forest Fuels	encourage ignited prescribed natural fire in Blue Primitive Area
Alpine Public Meeting - 1/11/07	Maintain Multiple Uses	recreation, grazing, timber removal, pristine areas, economics
Alpine Public Meeting - 1/11/07	Maintain Multiple Uses	designate OHV routes
Alpine Public Meeting - 1/11/07	Maintain Multiple Uses	increase law enforcement
Alpine Public Meeting - 1/11/07	Retain Existing Access	to private land
Alpine Public Meeting - 1/11/07	Retain Existing Access	recreation areas
Alpine Public Meeting - 1/11/07	Retain Existing Access	increase maintenance
Alpine Public Meeting - 1/11/07	Retain Existing Access	adequate signage & enforcement
Eagar Public Meeting - 1/16/07	Dispersed Recreation	all areas need increase
Eagar Public Meeting - 1/16/07	Dispersed Camping Opportunities	more not less
Eagar Public Meeting - 1/16/07	Dispersed Camping Opportunities	maintain
Eagar Public Meeting - 1/16/07	Dispersed Camping Opportunities	yes
Eagar Public Meeting - 1/16/07	Dispersed Camping Opportunities	yes
Eagar Public Meeting - 1/16/07	Dispersed Camping Opportunities	more
Eagar Public Meeting - 1/16/07	Non-motorized Trails	more
Eagar Public Meeting - 1/16/07	OHV Use	less
Eagar Public Meeting - 1/16/07	OHV Use	more
Eagar Public Meeting - 1/16/07	OHV Use	reduce
Eagar Public Meeting - 1/16/07	OHV Use	reduce
Eagar Public Meeting - 1/16/07	OHV Use	more
Eagar Public Meeting - 1/16/07	OHV Use	less
Eagar Public Meeting - 1/16/07	OHV Use	less
Eagar Public Meeting - 1/16/07	OHV Use	more
Eagar Public Meeting - 1/16/07	OHV Use	less
Eagar Public Meeting - 1/16/07	OHV Use	more
Eagar Public Meeting - 1/16/07	OHV Use	more
Eagar Public Meeting - 1/16/07	OHV Use	need more
Eagar Public Meeting - 1/16/07	OHV Use	less
Eagar Public Meeting - 1/16/07	Riparian Management	protect

		only protection. Bring cattle back. Dr. John Rinne, USFS Rocky Mt Research Station "forced removal of cattle from riparian area has resulted in the extinction of endangered cyprinids (loach minnows, spike dace, chubs, etc etc) on vast reaches of AZ waterway!". They are cattle dependent!!!!
Eagar Public Meeting - 1/16/07	Riparian Management	
Eagar Public Meeting - 1/16/07	Riparian Management	keep protect
Eagar Public Meeting - 1/16/07	Riparian Management	protect
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	encourage
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Grazing and the Ranching Lifestyle	yes
Eagar Public Meeting - 1/16/07	Blue Primitive Area	make wilderness
Eagar Public Meeting - 1/16/07	Blue Primitive Area	make wilderness
Eagar Public Meeting - 1/16/07	Blue Primitive Area	make wilderness
Eagar Public Meeting - 1/16/07	Blue Primitive Area	no! The Gila Wilderness in NM is an example of extreme loss of habitat and diversity from removal of traditional custom and cultural activities on the land (no forage/very little wildlife. General significant biological and watershed debilitation.
Eagar Public Meeting - 1/16/07	Blue Primitive Area	protect primitive area
Eagar Public Meeting - 1/16/07	Roadless Areas	need
Eagar Public Meeting - 1/16/07	Roadless Areas	more roadless areas
Eagar Public Meeting - 1/16/07	Roadless Areas	more
Eagar Public Meeting - 1/16/07	Wilderness	no - whole concept needs to be reviewed is not resulting in promised ecological values.
Eagar Public Meeting - 1/16/07	Wild & Scenic Rivers	do away with wild and scenic rivers study.
Eagar Public Meeting - 1/16/07	Wild & Scenic Rivers	do away with wild and scenic rivers study.
Eagar Public Meeting - 1/16/07	Wild & Scenic Rivers	maintain eligible streams.
Eagar Public Meeting - 1/16/07	Traditional Use & Culture	protect
Eagar Public Meeting - 1/16/07	Amount of Roads	too many roads
Eagar Public Meeting - 1/16/07	Amount of Roads	to many
Eagar Public Meeting - 1/16/07	Motorized Opportunities	more
Eagar Public Meeting - 1/16/07	Motorized Opportunities	more
Eagar Public Meeting - 1/16/07	Motorized Opportunities	less
Eagar Public Meeting - 1/16/07	Motorized Opportunities	less
Eagar Public Meeting - 1/16/07	Motorized Opportunities	more atv
Eagar Public Meeting - 1/16/07	Thinning	more
Eagar Public Meeting - 1/16/07	Thinning	more
Eagar Public Meeting - 1/16/07	Thinning	tes
Eagar Public Meeting - 1/16/07	Wildlife & Habitat	protect
Eagar Public Meeting - 1/16/07	Firewood Gathering	keep
Eagar Public Meeting - 1/16/07	Firewood Gathering	yes
Eagar Public Meeting - 1/16/07	Firewood Gathering	yes
Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	more NEPA
Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	NEPA
Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	less
Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	less

Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	more
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	increase
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	increase
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	more
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less, less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Amount of Law Enforcement	less
Eagar Public Meeting - 1/16/07	Laws (NEPA, ESA) & other mandates affect FS ability to manage	especially NEPA
Eagar Public Meeting - 1/16/07	Multiple Use Management	yes
Eagar Public Meeting - 1/16/07	Land Exchanges	more
Eagar Public Meeting - 1/16/07	Land Exchanges	less
Eagar Public Meeting - 1/16/07	Land Exchanges	less
Eagar Public Meeting - 1/16/07	Land Exchanges	less
Eagar Public Meeting - 1/16/07	Land Exchanges	less
Eagar Public Meeting - 1/16/07	Wildlife Habitat Closure Areas	expand
Eagar Public Meeting - 1/16/07	Multiple Use with Adaptive Management	use good science - no public BS
Eagar Public Meeting - 1/16/07	Multiple Use with Adaptive Management	contributes to good forest health (species diversity)
Eagar Public Meeting - 1/16/07	Multiple Use with Adaptive Management	heritage - pro & con
Eagar Public Meeting - 1/16/07	Forest Thinning	more aggressive
Eagar Public Meeting - 1/16/07	Forest Thinning	good for watershed & other resources
Eagar Public Meeting - 1/16/07	Recreation	manage dispersed camping problems with springs, water, use of closed roads, OHV use
Eagar Public Meeting - 1/16/07	Recreation	need for education & enforcement
Eagar Public Meeting - 1/16/07	Forest Access	maintain historic access for hunting, camping, timber, harvest, grazing
Eagar Public Meeting - 1/16/07	Forest Access	no favoritism for organized interest groups
Eagar Public Meeting - 1/16/07	Forest Access	need access decisions made at local level - game retrieval/horn hunting
Eagar Public Meeting - 1/16/07	Remove restrictions on historic uses	keep historic use of grazing, timber because it maintained watersheds and abundant & diverse wildlife - preserve & prevent restrictions
Eagar Public Meeting - 1/16/07	Remove restrictions on historic uses	keep historic uses - grazing/timber
Eagar Public Meeting - 1/16/07	Take back Historic "Multiple Use" Concepts	economics - firewood, grazing
Eagar Public Meeting - 1/16/07	Forests' Contribution to the Local Economy	communities - bordering communities live off forest resources - timber, grazing, hunting, fishing
Eagar Public Meeting - 1/16/07	Forests' Contribution to the Local Economy	jobs
Eagar Public Meeting - 1/16/07	OHV	less favoritism to OHV use
Eagar Public Meeting - 1/16/07	OHV	use existing roads
Eagar Public Meeting - 1/16/07	OHV	taking existing roads and turning into trails
Eagar Public Meeting - 1/16/07	Economics	restricting use cuts down on economics
Eagar Public Meeting - 1/16/07	No Land Exchanges	big developers can come in and buy what they want to buy - ruins local communities
Eagar Public Meeting - 1/16/07	No Land Exchanges	they are doing it only for making money
Eagar Public Meeting - 1/16/07	No Land Exchanges	Forest Service shouldn't exchange lands with state
Eagar Public Meeting - 1/16/07	Multiple Use - Access	Access
Eagar Public Meeting - 1/16/07	Economic Impact on Communities	need productive uses

Eagar Public Meeting - 1/16/07	Water	thinning, fire, grazing, other activities could increase water
Eagar Public Meeting - 1/16/07	Water	need to take some of the bigger trees not just smaller
Eagar Public Meeting - 1/16/07	Water	some recent fires - we are seeing increased water flow
Eagar Public Meeting - 1/16/07	Water	restoration of willows - creek has turned into deep swift channel. Minnows fish disappearing. Are these unintended consequences? Articles on crossing/minnows - John Rinne, Al Medina
Eagar Public Meeting - 1/16/07	Water	Since FS has taken cows off - hasn't been good for riparian, fish - look at Verde River example cows off --> fish extinct
Eagar Public Meeting - 1/16/07	Water	Employ application of science not emotion
Eagar Public Meeting - 1/16/07	Fire Management	Rodeo Chedeki - we could have lost the Forest if wind changed
Eagar Public Meeting - 1/16/07	Fire Management	Forest is overgrown
Eagar Public Meeting - 1/16/07	Fire Management	Grazing reduced fine fuels
Eagar Public Meeting - 1/16/07	Fire Management	Controlled logging & burns are helpful
Eagar Public Meeting - 1/16/07	Fire Management	These are natural part of process.
Eagar Public Meeting - 1/16/07	Fire Management	Juniper/Pinon thickets result of fire suppression
Eagar Public Meeting - 1/16/07	Fire Management	Indians & cattlemen utilized controlled burns
Eagar Public Meeting - 1/16/07	Fire Management	Buffers/Fuel Breaks - could be atv trail, horse trail, more roads that are open --> more breaks & access to fight fire
Eagar Public Meeting - 1/16/07	Fire Management	Need more education, implementation for community fire protection
Eagar Public Meeting - 1/16/07	Multiple Uses	intelligent logging
Eagar Public Meeting - 1/16/07	Multiple Uses	less ESA
Eagar Public Meeting - 1/16/07	Multiple Uses	room for a degree of specialization (quiet areas, noisy areas)
Eagar Public Meeting - 1/16/07	Multiple Uses	give cattlemen a chance - they are good stewards - reduce fire risk
Eagar Public Meeting - 1/16/07	Multiple Uses	less interference in our lifestyle by environmental groups
Eagar Public Meeting - 1/16/07	Multiple Uses	endangered species are now rangers/loggers
Eagar Public Meeting - 1/16/07	Multiple Uses	need additional law enforcement
Eagar Public Meeting - 1/16/07	Multiple Uses	have no business having federal law enforcement - no authority
Eagar Public Meeting - 1/16/07	Access	maintain existing access for forest health activities (logging, grazing, recreation, wildlife viewing, hunting, fishing)
Eagar Public Meeting - 1/16/07	Forest Health	improve the Forest by thinning, logging, fuelwood, prescribed burns, economics, stewardship contracts
Eagar Public Meeting - 1/16/07	Forest Health	protect forest at least as good as now
Eagar Public Meeting - 1/16/07	Small Sales Program & Logging/Timber Sales	small timber sales program & access
Eagar Public Meeting - 1/16/07	Wildlife & Habitat	maintain habitat for wildlife
Eagar Public Meeting - 1/16/07	Multiple Use - Access	increased access for logging & recreation
Heber Public Meeting - 1/17/07	OHV Use	management needed
Heber Public Meeting - 1/17/07	OHV Use	difficult for motorized vs. non-motorized recreation to occur together - both necessary
Heber Public Meeting - 1/17/07	OHV Use	need more education & law enforcement for responsible use

Heber Public Meeting - 1/17/07	OHV Use	need more money for more law enforcement
Heber Public Meeting - 1/17/07	OHV Use	leave roads as is
Heber Public Meeting - 1/17/07	OHV Use	OHV groups should fund their own trails
Heber Public Meeting - 1/17/07	OHV Use	enforce rules - focus on lawbreakers so others do not suffer consequences
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	need more logging.
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	need more thinning
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	need more grazing/increase # of animals/more areas open to grazing
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	more grazing & logging will increase amount of water
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	manage for sustainability of forest
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	protect resources, especially in fragile & riparian areas
Heber Public Meeting - 1/17/07	Forest Health/Watershed/Logging/Grazing/Fisheries	timing of harvest/maintenance in fragile areas is critical
Heber Public Meeting - 1/17/07	Multiple Use	Manage for sustainability of forest/wildlife
Heber Public Meeting - 1/17/07	Multiple Use	manage the wild horses as law mandates - they are wildlife - not livestock
Heber Public Meeting - 1/17/07	Multiple Use	want long term permit for shooting range on FS land - valid multiple use of public land
Heber Public Meeting - 1/17/07	Multiple Use	need X-country travel to retrieve firewood/big game/antlers - traditional use
Heber Public Meeting - 1/17/07	Forest Access	leave roads on the ground open - \$ invested
Heber Public Meeting - 1/17/07	Forest Access	need multi access methods - hiking/horses/motorized
Heber Public Meeting - 1/17/07	Forest Access	need different uses on different roads/different levels of roads
Heber Public Meeting - 1/17/07	Forest Access	want provisions for X-country travel
Heber Public Meeting - 1/17/07	Forest Access	road density standard too restrictive for public needs
Heber Public Meeting - 1/17/07	Multiple Use	integrate historic uses of forest - grazing/logging/hunting/mining/organized shooting areas
Heber Public Meeting - 1/17/07	Wild Horse	move horses back to Reservation
Heber Public Meeting - 1/17/07	Wild Horse	differences of ideas
Heber Public Meeting - 1/17/07	Wild Horse	FS must refer to Law for wild horse management
Heber Public Meeting - 1/17/07	Forest Health	need to thin whole forest - landscape scale
Heber Public Meeting - 1/17/07	Forest Health	other species do well when forest is healthy
Heber Public Meeting - 1/17/07	Forest Health	grazing cattle benefits forest vegetation
Heber Public Meeting - 1/17/07	Forest Health	grazing sheep benefits forest - willows
Heber Public Meeting - 1/17/07	Forest Health	use legitimate science for management
Heber Public Meeting - 1/17/07	Law Enforcement	tired of people that "trash" the forest
Heber Public Meeting - 1/17/07	Law Enforcement	need trash dumping areas (willing to pay), not pack in/pack out
Heber Public Meeting - 1/17/07	Law Enforcement	need more FS law enforcement
Heber Public Meeting - 1/17/07	Law Enforcement	is it feasible to set up adopt program for "islands" of trees in the Forests

Heber Public Meeting - 1/17/07	Law Enforcement	Citizen Patrol - more community involvement - may be less intimidating than FS personnel
Heber Public Meeting - 1/17/07	Law Enforcement	more education
Heber Public Meeting - 1/17/07	Law Enforcement	green trucks can also help
Heber Public Meeting - 1/17/07	Law Enforcement	trash - people need a place to throw their trash & reasonable hours/access - community/County issue
Heber Public Meeting - 1/17/07	Law Enforcement	composition of current population - retired
Heber Public Meeting - 1/17/07	Wild Horse	management practice - why?
Heber Public Meeting - 1/17/07	Wild Horse	# of horses - estimated 425, increase in #'s since fire, fences down
Heber Public Meeting - 1/17/07	Wild Horse	feet of wild horses perfect - compare to domestic
Heber Public Meeting - 1/17/07	Wild Horse	currently only 25,000 wild horses in U.S.
Heber Public Meeting - 1/17/07	Wild Horse	concerns with recent shootings of horses
Heber Public Meeting - 1/17/07	Wild Horse	this herd doubling every 3 years
Heber Public Meeting - 1/17/07	Wild Horse	there is law regarding management of these horses
Heber Public Meeting - 1/17/07	Wild Horse	1970 - 15,000 acres as Wild Horse Refuge - management area never fenced in - no manager
Heber Public Meeting - 1/17/07	Wild Horse	not really a problem related to grazing because they graze differently
Heber Public Meeting - 1/17/07	Wild Horse	why does FS want to get rid of horses when enough land & no grazing issue?
Heber Public Meeting - 1/17/07	Wild Horse	California example - Bishop
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	current quiet areas are good
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	impacts on game retrieval, firewood - need education
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	want motorized cross-country travel
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	handicapped hunters - this would prohibit their current right under state rules. Consider impacts on persons with mobility problems
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	this Forest is for everyone
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	retain areas where there is no cross-country travel - need to keep Forest to enjoy
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	if access is limited folks may go somewhere else - economic impact to communities
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	wildcat roads concern
Heber Public Meeting - 1/17/07	Probability of Loss of Cross-Country Travel	better management could counter problems - more FS personnel
Show Low Public Meeting - 1/18/07	Loss of Motorized Cross-Country Travel	hunting (game retrieval)
Show Low Public Meeting - 1/18/07	Loss of Motorized Cross-Country Travel	Firewood
Show Low Public Meeting - 1/18/07	Loss of Motorized Cross-Country Travel	dispersed camping/recreation enjoyment
Show Low Public Meeting - 1/18/07	Effective Utilization of Forest Products	let timber pay
Show Low Public Meeting - 1/18/07	Shooting Range Needed	multi-use types of firearms
Show Low Public Meeting - 1/18/07	Loss of OHV Trails	specifically quads - these could be multi-use trails
Show Low Public Meeting - 1/18/07	Multiple-Use	increase/continue all uses grazing/logging/firewood etc.
Show Low Public Meeting - 1/18/07	Snowmobile Opportunities	restricted by signs/lacking, other closed roads
Show Low Public Meeting - 1/18/07	Shooting Range Needed	want long term permit for shooting range on FS land
Show Low Public Meeting - 1/18/07	Shooting Range Needed	a range close to each population center
Show Low Public Meeting - 1/18/07	Shooting Range Needed	for a safe shooting/hiking environment

Show Low Public Meeting - 1/18/07	Multiple Use	historic uses in appropriate locations (timber/grazing/wildlife/recreation/firewood etc.)
Show Low Public Meeting - 1/18/07	Multiple Use	no further restrictions on use
Show Low Public Meeting - 1/18/07	Multiple Use	manage for a variety & sometimes conflicting uses
Show Low Public Meeting - 1/18/07	Multiple Use	manage for multiple appropriate uses in the different geographical areas
Show Low Public Meeting - 1/18/07	Multiple Use	continue working collaboratively with groups to identify management emphasis in the different geographic areas
Show Low Public Meeting - 1/18/07	Multiple Use	importance of public lands for wildlife & habitat - especially long term because private land is all being developed
Show Low Public Meeting - 1/18/07	Multiple Use	hiking trails are important - don't lose sight of non-motorized use - fear of being overshadowed by OHV groups/users
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need for thinning trees & logging some large trees
Show Low Public Meeting - 1/18/07	Forest Resources/Management	removing trees increases water
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need small timber sales
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need ranchers \$ cattle because they keep up water storage improvements
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need to better adhere to Congressional charter for watersheds
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need to harvest burned trees
Show Low Public Meeting - 1/18/07	Forest Resources/Management	need to reopen burned areas
Show Low Public Meeting - 1/18/07	Need to Consult/Coordinate with Federal/State/Local Agencies & Organizations	work together to accomplish same or similar goals, include FS/BLM/AZGFD/USFWS etc.
Show Low Public Meeting - 1/18/07	Managed Recreational Access	User conflicts (horse vs. ATV vs. shooters vs. hikers vs. etc.
Show Low Public Meeting - 1/18/07	Managed Recreational Access	"managed" doesn't necessarily mean global restrictions
Show Low Public Meeting - 1/18/07	Managed Recreational Access	can be various areas for specific uses (Hiking trails, TRACKS)
Show Low Public Meeting - 1/18/07	Managed Recreational Access	dispersed camping since FS hasn't been able to keep up developed sites. Lack of \$ leads to restrictions vs. enhancement
Show Low Public Meeting - 1/18/07	Managed Recreational Access	have user fees & permits so \$ can go back into improvements
Show Low Public Meeting - 1/18/07	Managed Recreational Access	education - need to help people understand & appreciate forest, pick up litter
Show Low Public Meeting - 1/18/07	Managed Recreational Access	some OHV negative effects are result of poor engineering. Kids, big trucks causing damage
Show Low Public Meeting - 1/18/07	Managed Recreational Access	as more people recreate, need to consider wildlife
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	need thinning
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	thinning - areas should be specific - focus first on areas around communities
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	thinning - utilize economic byproduct
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	allow natural fire
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	manage multiple use for allowance of natural fire (maintain fuels that carry fire, overgrazing may prevent prescribed fire, need fuels to carry fire
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	overgrazing by horses, cow, elk, deer - forage concern in certain areas

Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	some streams need grazing because they are closed in
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	life that is in forest should come first before any burning
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	need decisions by local people not D.C.
Show Low Public Meeting - 1/18/07	Forest Health/Natural fire	in cases of natural fire, need road access to fight fire
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	ability to react & change to monitoring
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	how does FS respond to unexpected consequences in timely fashion? Should be immediate - when problem arises - should be taken care of right away
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	science-based management - concern that we won't go back & check our assumptions
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	if it was working better in the past - consider going back
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	respond to local concerns (example - community needs for utility easements)
Show Low Public Meeting - 1/18/07	Forest Service Flexibility	give more consideration for older generation vs. younger
Show Low Public Meeting - 1/18/07	Shooting Range Needed	use for firearms & archery
Show Low Public Meeting - 1/18/07	Shooting Range Needed	need it for education, safety, recreation, competition, high school extra curricular, multiple agency use
Show Low Public Meeting - 1/18/07	Forest Service Communications	FS needs to return phone calls
Show Low Public Meeting - 1/18/07	Forest Service Communications	needs to be 2-way
Show Low Public Meeting - 1/18/07	Forest Service Communications	law enforcement mode
Show Low Public Meeting - 1/18/07	Forest Service Communications	need to educate children to respect the forest
Show Low Public Meeting - 1/18/07	Forest Service Communications	respect for the general public
Show Low Public Meeting - 1/18/07	Forest Service Communications	FS works for the public
Show Low Public Meeting - 1/18/07	Multiple Land Use & Access	re-open closed roads
Show Low Public Meeting - 1/18/07	Multiple Land Use & Access	use 50/50 allocation of forage between wildlife & livestock
Show Low Public Meeting - 1/18/07	Multiple Land Use & Access	forest and private land access
Show Low Public Meeting - 1/18/07	Build up of Fuels/Potential Fire Threat	thin & log
Show Low Public Meeting - 1/18/07	Diminished Vehicle Access to the Forest	some designated
Show Low Public Meeting - 1/18/07	Firewood Gathering	more & bigger trees
Show Low Public Meeting - 1/18/07	Firewood Gathering	dead standing
Show Low Public Meeting - 1/18/07	Salvage Dead & Dying Trees (Spruce, etc.)	bigger than 12" dba
Show Low Public Meeting - 1/18/07	Small Sales Program & Logging/Timber Sales	more timber sales for smaller loggers also
Show Low Public Meeting - 1/18/07	Focus law enforcement on violators	focus on violators
Show Low Public Meeting - 1/18/07	Multiple Use Management	firewood, logging
Show Low Public Meeting - 1/18/07	Land Exchanges	no more
Show Low Public Meeting - 1/18/07	Land Exchanges	no more
Show Low Public Meeting - 1/18/07	Dispersed Camping Opportunities	more
