Date: March 21, 2005

Dear Sterling & Judith,

With this letter I am hereby amending your 2005 North Palomas allotment Annual Operating Instructions. At our 2005 annual validation meeting we discussed the possibility of occasionally placing livestock in the riparian demonstration area to aid in your operation during weaning, shipping, pasture rotations, and for doctoring sick cattle. This small pasture may be utilized two or three days at a time with a few head during the aforementioned activities of your operation. Please make this office aware of your activities within this pasture and keep accurate records of your use of this pasture so as to aid in determining appropriate management. If you have any questions regarding these instructions, please contact Ron Mortensen, Rangeland Management Specialist, or myself at (505)894-6677. Thank you.

Sincerely,

TAMMY RANDALL-PARKER
District Ranger
