Economic Research Service

Title: The Second National Household Food Acquisition and Purchase Survey (FoodAPS-2).

OMB Control Number: 0536–NEW.

Summary of Collection: The Economic Research Service (ERS) will be conducting the Second National Household Food Acquisition and Purchase Survey (FoodAPS-2) Field Test. The mission of ERS is to provide timely research and analysis to public and private decision makers on topics related to agriculture, food, the environment, and rural America. To achieve this mission, ERS requires a variety of data that describe agricultural production, food distribution channels, availability and price of food at the point of sale, and household demand for food products. Section 17 (U.S.C. 2026)(a)(1) of the Food and Nutrition Act of 2008 provides legislative authority for the planned data collection.

Need and Use of the Information: The main objective of the Field Test is to test the final design and procedures for the Full Survey data collection. The Field Test will make use of the latest smartphone and computer technologies to collect data on foods acquired and to monitor data as well as implement a monetary incentives scheme to encourage report of foods acquired throughout the entire survey period. The data collection will provide information that is critical to ERS' plans for the next round of FoodAPS data collection. The data will be analyzed and used to finalize design and data collection protocol for the Full Survey.

(1) The objector's name and address along with a telephone number or email address if available. In cases where no identifiable name is attached to an objection, the Forest Service will attempt to verify the identity of the objector to confirm objection eligibility;
