EXEMPTIONS

Pursuant to 36 C.F.R. § 261.50(e), the following persons are exempt from this Order:

DESCRIBED AREA

All National Forest System lands, roads and trails within the exterior boundaries of the Santa Fe National Forest, as depicted on the attached map at Exhibit A. The prohibitions do not apply to any non-National Forest System lands within the Described Area.

PURPOSE

The purpose of this Order is to provide for the public's health and safety and to protect National Forest System lands, resources, and facilities during the current period of high fire danger. An emergency exists due to the fire danger, indices, and extreme weather conditions. These factors have created an environment in which ignitions from human-caused activities can occur at a much higher rate than normal. Further, wildfires from such ignitions have the propensity to spread extremely quickly, presenting a significant risk to the public, as well as substantial obstacles to firefighters in the implementation of wildfire suppression strategies.

IMPLEMENTATION
